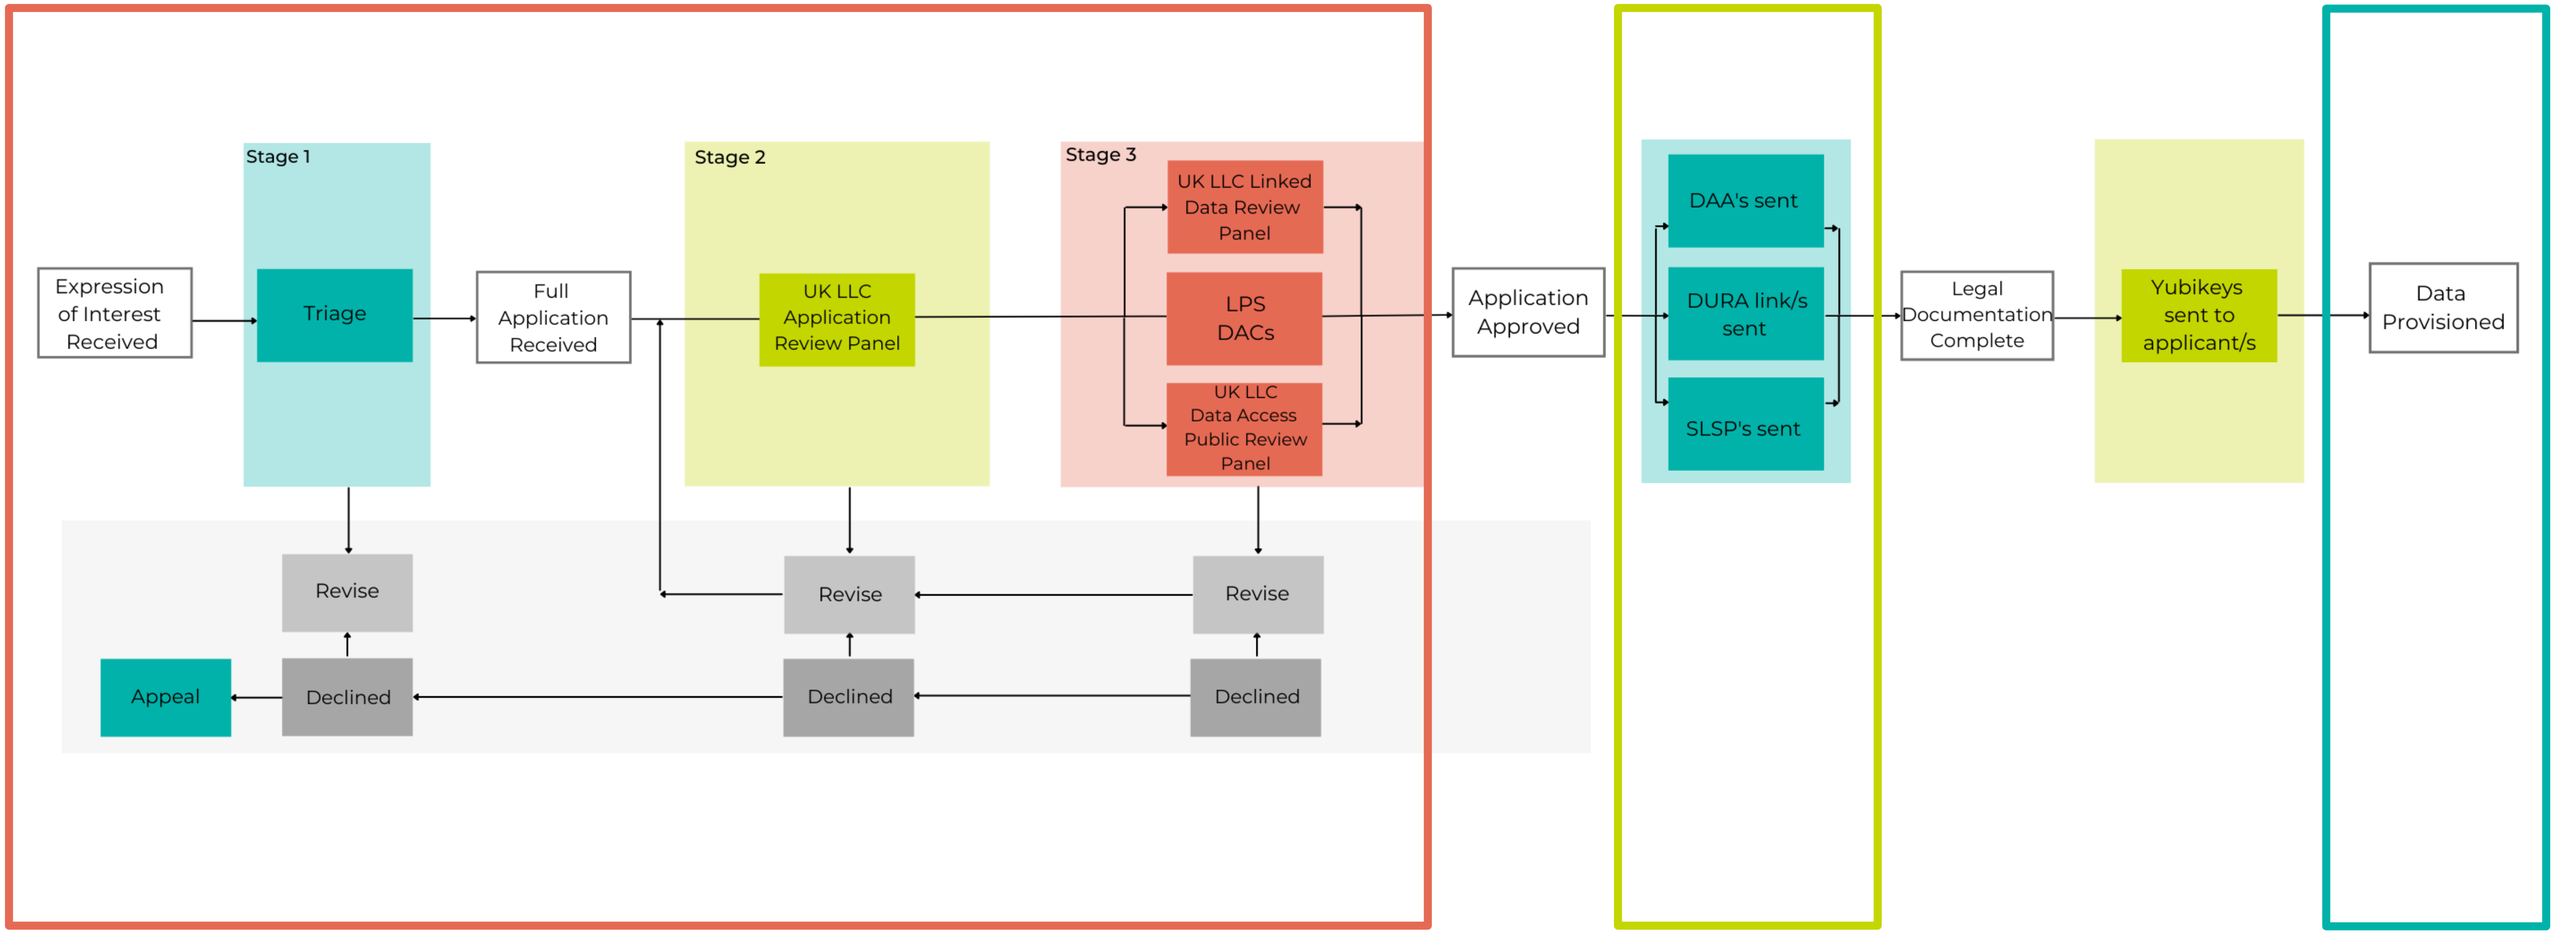
Data Request



Access to the UK LLC: Data Request

- All data deposited into the UK LLC TRE is made available for request on the **Data Request Form**
- In order to make a Full Application, applicants must download and fill out a Data Request form and Codelist Template (if applicable)
- The Data Request will be reviewed as part of the Full Application Review Process, and only approved data will be provisioned in the TRE, if an application is successful
- The Data Request Form is a LIVE document, updated regularly as new data and documentation become available

INSTRUCTIONS FOR COMPLETING YOUR DATA REQUEST FORM(S)

1. The Data Request Form

The Data Request Form is a live document of all the data blocks available for request in the UK LLC Trusted Research Environment (TRE). This form should be used to browse the data currently available. It gives information about the Longitudinal Population Study (LPS) collected data, as well as the linked health data. If you have any questions about the content of the data blocks listed on the form, please email access@ukllc.ac.uk

Step by step instructions about how to fill out the form are available on the 'Overview & instructions' tab of the Data Request Form, as well as on the 'Study data requested' and 'Linked data requested' sheets.

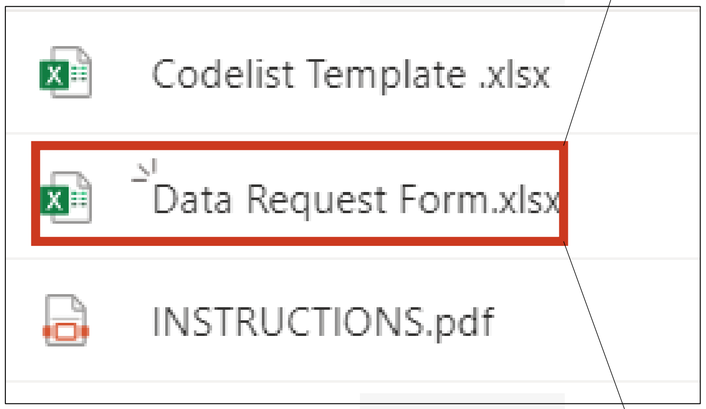
Our data provisioning process in the TRE relies on the format of the Data Request Form remaining unaltered, so please do not edit any of the fields that do not require a response.

Please note: This is a live document that reflects the current data available – to ensure you have the opportunity to request all the data you need, please download and complete the Data Request Form as close to the time that you intend to submit your application as possible, so you can see the most up to date data available. However, if you see that new data blocks have been added to the Data Request Form after you have submitted your request, please email access@ukllc.ac.uk to make an amendment.

Access to the UK LLC: Data Request

The **Data Request Form** is made up of four Sheets:

1. **Overview & Instructions**
2. Study Info & Links
3. Study Data Requested
4. Linked Data Requested



OVERVIEW	
Project PI:	(Enter your name)
Project Number (please write 'llc_four digit number_a'):	(llc_xxxx_a)
Is this an amendment request? (if this is your first amendment, include '_b'; second amendment, include '_c' etc.)	(llc_xxxx_x)/No)
Project Title:	(Enter project title)

INSTRUCTIONS

Step 1. Read through the '**Study info & links**' sheet for an overview of the longitudinal population studies (LPS) that have contributed data to the UK LLC Trusted Research Environment (TRE). This sheet includes links to each LPS' website and data documentation.

Step 2. Scan through the '**Study data requested**' sheet. This sheet gives information about the data blocks currently available in the UK LLC TRE for request.

Step 3. Scan through the '**Linked data requested**' sheet for an overview of the available datasets that have been linked to participants in each LPS.

Step 4. When you are ready to make your request, download a copy of this Data Request Form and save locally as 'Data_request_llc_xxxx_x', where xxxx_x is your unique project number. Select your data following the instructions on the individual '**Study data requested**' and '**Linked data requested**' sheets.

Step 5. When you are happy with your request, please send your request to the UK LLC Applications Team (access@ukllc.ac.uk).

IMPORTANT: Please be aware that this Data Request Template (available via the link provided) is a live document - it is continuously being updated as more data are deposited in the UK LLC TRE. You should use the live version to browse the data currently available. To ensure you have the opportunity to request all the data you need, please make your request as close to the time that you intend to submit your application and data request as possible, so that you can see the most up to date data available. Please keep a record of the link and refer back to this document for data updates. If you can see that new data blocks have been added to the live data request form after you have submitted your request, please email the UK LLC Applications Team for assistance (access@ukllc.ac.uk).

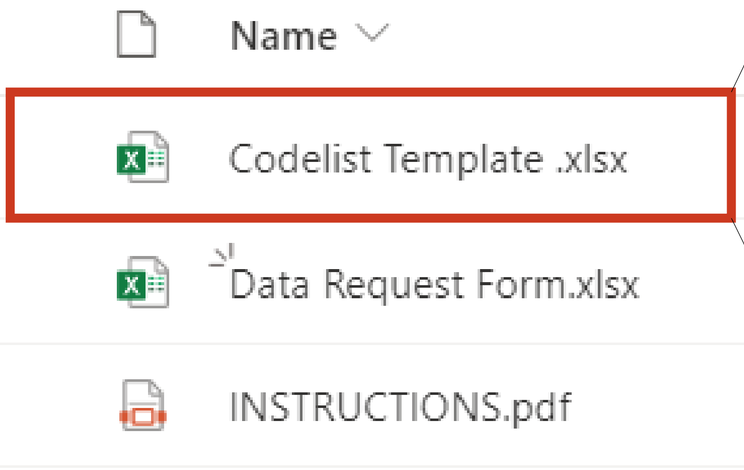
The **Codelist Template** is made up of several sheets (one per codelist for each dataset requiring subsetting) and INSTRUCTIONS



EXAMPLE: (NHSD_GDPPR_SNOMEDCT)
