UCL has worked with a variety of businesses from SMEs to governments and multi-national firms. To see a selection of organisations we have worked with and the projects undertaken, please visit our website www.uclconsultants.com.

Founded in 1826, UCL (University College London) was the first English university established after Oxford and Cambridge, the first to admit students regardless of race, class, religion or gender, and the first to provide systematic teaching of law, architecture and medicine. We are among the world’s top universities, as reflected by performance in a range of international rankings and tables. UCL currently has 29,000 students from almost 150 countries, around 11,000 employees and an annual turnover of over £1 billion.

UCL CONSULTANTS
We can provide organisations of all sizes with access to UCL's world-class equipment and facilities and relevant training, along with a range of testing and analysis services. You can use UCL's facilities in conjunction with leading academic expertise, or independently – whichever is right for your project.

We have some of the world's leading experts in their field who can act as expert witnesses in legal disputes. Our academics have fulfilled this role in a wide range of areas, including:

- patent disputes
- civil litigation
- forensic testing

At UCL Consultants we can quickly identify UCL academics to meet your needs.

We can provide organisations of all sizes with access to UCL's world-class equipment and facilities and relevant training, along with a range of testing and analysis services. Our projects range from single days to multi-disciplinary teams working with external partners.

The breadth and depth of UCL's academic expertise means that we are particularly well placed to bring together experts from different fields to meet your needs.

UCL provides a growing portfolio of training and short courses covering:

- summer schools
- professional development
- executive education
- recreational learning

We can connect organisations with relevant UCL experts to develop and deliver bespoke training and short courses to meet your specific needs.

We can provide access to the expertise of more than 4,000 academic staff through our consultancy services. Our projects range from single days to multi-disciplinary teams working with external partners.
