University Costs are cost of the project to UCL (FEC), indexation of 5% is applied

Input by user of:
- Staff costs
- Equipment
- Non-staff costs

Automatic calculation of Indirect and Estates Cost (FTE calculated cost)

Income represents the amount recoverable from funder and is driven by:
- Funder chosen in respect of indexation applied
- Income template which specifies what categories (and proportion) of cost can be recovered and appropriate overhead rate

Submission reports present figures to suit a specific sponsor's application form. Currently in use:
- JEnS for RC apart from MRC
- Other Funders Submission Report - generic report showing University Cost (FEC) against income
