Paediatric ECG course

Saturday 25th November 2017
UCL Great Ormond Street Institute of Child Health, London

This course is designed to cover all areas of performing and interpreting ECGs in the paediatric population. As well as identifying differences between the normal adult ECG and the normal paediatric ECG, there will also be insight into what to expect to find on ECGs in patients with congenital heart disease, inherited cardiovascular conditions, and post-surgical intervention. Expert speakers will be a combination of physiologists, cardiac morphologists and cardiologists.

Course directors:
Ian Mcleod, Senior Chief Cardiac Physiologist, Great Ormond Street Hospital for Children, London
Dr Jasveer Mangat, Paediatric Cardiologist, Great Ormond Street Hospital for Children, London

Early Bird fees (until 06/10/2017): £150
Standard fees (from 07/10/2017): £185

Paediatric ECG course

Saturday 25th November 2017
UCL Great Ormond Street Institute of Child Health, London

Programme:

08:30 – 09:00  Registration
09:00 – 09:30  ECG basics and how to perform a paediatric ECG
               Alanna Morrison, Senior Cardiac Physiologist,
               Great Ormond Street Hospital, London
09:30 – 10:00  Cardiac Anatomy and morphology
               Dr Vi Tran, Assistant in Cardiac Morphology,
               UCL Institute of Child Health, London
10:00 – 10:30  Sequential approach in Paediatric ECG
               Ruth Umney, Cardiac Nurse Practitioner Trainee,
               Great Ormond Street Hospital, London
10:30 – 10:45  Coffee
10:45 – 11:15  Inherited Cardiac arrhythmias
               Dr Juan Kaski, Consultant Paediatric Cardiologist,
               Great Ormond Street Hospital, London
11:15 – 11:45  Morphology Session
               Dr Vi Tran, Assistant in Cardiac Morphology,
               UCL Institute of Child Health, London
11:45 – 12:15  Supraventricular Tachycardia
               Dr Luke Starling, Consultant Cardiologist,
               Great Ormond Street Hospital, London
12:15 – 13:15  Lunch
13:15 – 13:45  Ventricular tachycardia
               Dr Henry Chubb, Specialist Registrar Paediatric Cardiology
               and Electrophysiology, Great Ormond Street Hospital, London
13:45 – 14:15  Bradycardias
               Dr Elena Cervi, Consultant Cardiologist,
               Great Ormond Street Hospital, London
14:15 – 14:45  What not to miss
               Dr Jasveer Mangat, Paediatric Cardiologist,
               Great Ormond Street Hospital, London
14:45 – 15:00  Coffee
15:00 – 15:30  Paediatric 24Hr ECG Holter Analysis
               Sophie Marshall, Senior Cardiac Physiologist,
               Great Ormond Street Hospital, London
15:30 – 16:00  Treatments (SVT/Brady/Tachy)
               Dr Jasveer Mangat, Paediatric Cardiologist and Gareth Hall EP Lead Cardiac
               Physiologist, Great Ormond Street Hospital, London
16:00 – 16:30  Interactive Quiz (MDT type analysis of case studies)
