This four day course will correlate gross anatomy with neuroimaging and functional MRI to illustrate normal neurological function, the alterations that attend disease, and the bases for the clinical features seen in patients.

Course Organisers:

Prof Thomas Naidich  
Mount Sinai School of Medicine, New York USA

Prof Christopher Yeo  
Department of Neuroscience, Physiology & Pharmacology, University College London UK

Prof Tarek Yousry  
Division of Neuroradiology, UCL Institute of Neurology, London UK

Further information can be found at the UCL Institute of Neurology website ‘Queen Square Courses’  
18th Annual Course: Neuroradiology & Functional Neuroanatomy
