3.2. To seek and maintain links with key UCL groups, Institutes, Centres and Departments in relation to their Research IT needs

3.3. To oversee allocation annual allocation of capital funding within the Research IT domain and monitor the delivery of the associated programme of projects
3.4. To monitor the effective and efficient delivery of Research IT services

3.5. To pro-actively advocate on the need for IT services to support, enhance, and develop UCL’s research excellence

Agreed: the Group approved the revised RIISG Terms of Reference

   CG gave a brief recap of the Extraordinary RIISG meeting held on 4th February 2015.
   Matters arising:
   - The meeting had sparked some very helpful input.
   - A great deal of material had now been gathered from the different faculties, which would be circulated to the Group along with the actions raised by the meeting.
   - The need for SLMS representation on the RIISG
   - The need for a closer link to the ISGC – plans to convene an executive group to cover the gap between the RIISG and the ISGC

Action: CG to prepare report and circulate for comment
