### First-year First-term Courses

1B11	Foundations of Astronomy	Drs L Harra & G Branduardi-Raymont
1B23	Modern Physics, Astronomy and Cosmology	Profs G Laricchia & I D Howarth
1B28	Thermal Physics	Prof A Shluger
1B30	Practical Astronomy Lectures	Dr S J Fossey
1B40	Data Analysis Lectures	Prof N Skipper & Dr C R Bull
1B40	Introduction to Computing	Dr D N Tovee & Dr B Waugh
1B45	Mathematics I for Physics and Astronomy	Prof T W Jones
1B45	Problem Solving Classes, in groups, for two hours on different afternoons	
1B64	Space Exploration	Prof M S Cropper
1B82	Essential Medical Physics	Dr C Elwell <i>et al.</i>
1ECP	Communication Skills	Prof J L Finney
Careers	talk to be scheduled	
MM02	Particles and Fields of Modern Physics (SSM Medics only)	Dr D Waters
PAL	Peer Assisted Learning, optional discussion sessions on the lecture courses, on different afternoons, 13:00 - 14:00	Prof P Storey
