Anthropology BSc

UCAS: L602 • 3 years

A levels: AAA-AAB. No specific subjects. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30), except Science or Biology at grade B.

IB Diploma: 36–38 points. A total of 17–18 points in three higher level subjects, with no score below 5.

Other qualifications:

see online Prospectus entry.

This programme looks at the biological, cultural, social and material culture aspects of human beings as well as their evolution. It will help you gain a broad set of skills, including critical reasoning; the ability to search, sift and analyse various materials; collaborative group work; and oral and written communication.

Year one is entirely composed of compulsory courses covering the three branches of the programme: Biological Anthropology, Social Anthropology and Material Culture. In year two you may choose optional courses from a wide range to reflect your developing interests and specialisms (e.g. Anthropology of Art and Design, Gender, Language and Culture, Man and Animals, Primate Behaviour and Ecology, Social Construction of Landscapes). In year three, you have a free choice of five optional courses from a wide range alongside a compulsory individual-studies dissertation.

Liz Fox

Anthropology BSc

Third Year

“The approach my programme takes to anthropology is broad based. I wanted the opportunity to study material culture in one of the best possible departments, and still get to learn about social and biological anthropology from experts in those fields as well. The department is also a real community.

I am in the Anthropology Society which I founded with other students last year and am assistant curator in the ethnographic collection working two to four hours a week. I am also studying Mongolian.

London is great, especially for anthropology students. After I graduate I hope to study for a PhD at UCL, with fieldwork in Mongolia.”

Departmental facilities include the Palaeo Lab (top) and the Material Culture Lab (bottom)

Anthropology with a Year Abroad BSc

UCAS: L603 • 4 years

A levels: AAA-AAB. No specific subjects. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30), except Science or Biology at grade B.

IB Diploma: 36-38 points. A total of 17-18 points in three higher level subjects, with no score below 5.

Other qualifications: see online Prospectus entry.

The Anthropology with a Year Abroad BSc looks at the biological, cultural, social and material culture aspects of communities and human beings as well as their evolution, and provides the opportunity to spend your third year at a university abroad with one of our many excellent partner institutions.

Year one is entirely composed of compulsory courses covering the three branches of the programme: Biological Anthropology, Social Anthropology and Material Culture. In year two you may choose optional courses from a wide range to reflect your developing interests and specialisms. Year three is spent abroad, taking anthropology courses at an approved foreign university, where you may develop or consolidate your language skills and carry out original research for your dissertation. In year four, you return to UCL where you will have a free choice of five optional courses alongside an individual-studies dissertation.

Archaeology combines the arts and the sciences to research past societies and their heritage. At UCL, the Institute of Archaeology's enthusiastic staff, our outstanding library, laboratories, and collections, and 70 days' funded fieldwork, encourages undergraduates to engage with and contribute to this global research, while developing skills relevant to many employers.

Archaeology BA

UCAS: F400 • 3 years

A levels: AAB-ABB. No specific subjects. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 34–36 points. A score of 16–17 points in three higher level subjects, with no score lower than 5.

Other qualifications: see online Prospectus entry.

In this programme some of the world's leading researchers introduce essential archaeological concepts, issues, and analytical techniques. Through your selection of optional courses, field projects and dissertation topics you will also develop knowledge of particular chronological periods, geographical areas and specialist skills to support your own interests and development.

Year one provides a solid grounding in the practical methods in archaeology and an introduction to major issues in world prehistory. The following years provide a more advanced understanding of archaeology and theoretical approaches and allow you to develop your own specialised interests by choosing optional courses. For the Archaeology BA these will tend less towards the scientific analysis of findings and more towards art, architecture, history and ethnography. Teaching is delivered via a mixture of lectures, seminars and practical sessions (either field or laboratory based).

Archaeology BSc

UCAS: F402 • 3 years

A levels: AAB-ABB. No specific subjects. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 34–36 points. A score of 16–17 points in three higher level subjects, with no score lower than 5.

Other qualifications: see online Prospectus entry.

This programme provides a training in archaeology focusing on the analysis of ancient materials and past environments, essential theoretical concepts and field techniques. Archaeological science addresses important questions about past societies, and there are opportunities to participate in current research using our extensive laboratories and wide-ranging reference collections.

Year one provides a solid grounding in the practical and theoretical methods in archaeology and an introduction to major issues in world prehistory. The following years provide a more advanced understanding of archaeology and allow you to develop your own specialised interests by choosing optional courses. For the Archaeology BSc these will tend more towards the scientific analysis of findings, such as archaeometallurgy, geoarchaeology and zooarchaeology. Teaching is delivered via a mixture of lectures, seminars and practical sessions (either field or laboratory based).

UCL's Archaeology Collections contain
thousands of objects and artefacts
available to students for hands-on study

Archaeology with a Year Abroad BA

UCAS: F401 • 4 years

A levels: AAB-ABB. No specific subjects. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 34-36 points. A score of 16-17 points in three higher level subjects, with no score lower than 5.

Other qualifications:
see online Prospectus entry.

This degree offers all the flexibility of the Archaeology BA programme combined with the opportunity to study abroad. The third year of the degree is spent at an approved partner university in Australia, Canada, Europe, Japan or the United States.

Core courses in the first year provide a solid grounding in the practical and theoretical methods in archaeology and an introduction to major issues in world prehistory. The second and fourth years provide a more advanced understanding of archaeology and allow you to develop your own specialised interests. Your third year is spent entirely abroad at one of our partner institutions, where you will take courses and fulfil all academic responsibilities relevant to that institution.

Egyptian Archaeology BA

UCAS: F424 • 3 years

A levels: AAB-ABB. No specific subjects. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 34-36 points. A score of 16-17 points in three higher level subjects, with no score lower than 5.

Other qualifications:
see online Prospectus entry.

The Egyptian Archaeology BA at UCL is the only UK degree to combine the theory and practice of archaeology with the study of Egyptian sites. This specialist degree will prepare you for a wide range of careers both within Egyptian archaeology and heritage studies, and beyond.

The first year comprises a number of compulsory courses designed to give you a thorough grounding in Egyptian archaeology, field methods and techniques, and ancient writing. In years two and three you will extend these skills, as well as choosing additional optional courses in relevant archaeological subjects. Teaching is delivered via a mixture of lectures, seminars and practical sessions (either field or laboratory based).

Daniella Afeltra

Archaeology BSc

Third Year

“Archaeology seemed the perfect degree choice, giving me an opportunity to indulge my passion for the past with more practical and hands-on learning. Choosing UCL was easy because of the Institute of Archaeology’s great emphasis on fieldwork, something I feel is unique to this department.

The UCL degree offers 70 funded days of fieldwork and the range of opportunity – I have excavated in Israel, Cyprus and most recently Italy – has been one of my favourite parts of my degree. There is also a massive range of courses which has been a key contributor to the love of my degree as I have been able to personalise it to an extent. In particular, I have done courses such as human remains, lithic technology, and zooarchaeology which all have mandatory practical sessions involving handling artefacts and learning from them.

I believe that the facilities at the Institute of Archaeology are unrivalled. We have our own library which is the biggest purely archaeological library in Europe. The Institute also has its own archaeological collections, as well as artefacts at the Petrie Museum which are accessible for student use.”

Archaeology and Anthropology BA

UCAS: FL46 • 3 years

A levels: AAB. No specific subjects. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 36 points. A score of 17 points in three higher level subjects, with no score lower than 5.

Other qualifications:
see online Prospectus entry.

The combined Archaeology and Anthropology BA develops an understanding of the relationship between archaeology and anthropology as subjects offering a uniquely broad perspective on human experience, past and present. It draws upon an unparalleled range of expertise in the analysis of social change, human evolution and material culture.

The degree is structured around a combination of core and optional courses. In the first year, all courses are compulsory and provide a solid grounding in the methods and theories of social and biological anthropology, material culture studies, and archaeology. In years two and three you will also develop your own specialised interests through optional courses from Archaeology, Anthropology and another approved subject, taught using a mixture of lectures, seminars and practical sessions.

Classical Archaeology and Classical Civilisation BA

UCAS: VQ48 • 3 years

A levels: AAB-ABB. No specific subjects. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 34-36 points. A score of 16-17 points in three higher level subjects, with no score lower than 5.

Other qualifications:
see online Prospectus entry.

For students interested in the classical world this degree provides a focus on the art and material culture of Greece and Rome. The programme includes a basic grounding in at least one classical language, fundamental aspects of archaeology, and field visits to develop a first-hand acquaintance with sites, museums and objects.

The first year provides a solid grounding in practical and theoretical methods in archaeology, and an introduction to the study of ancient languages. In the following years you will choose optional courses to extend and deepen your knowledge, and undertake fieldwork in the Mediterranean. Teaching is delivered via a mixture of lectures, seminars and practical sessions (either field or laboratory based), and full use is made of our extensive reference collections and links to the national museums and collections in London.

How are decisions made by companies, governments and individuals? What makes productivity and living standards increase or decrease? Studying economics will give you insights into how society functions and the range of skills you will acquire will provide you with an excellent foundation for your future life and career.

Economics BSc (Econ)

UCAS: L100 • 3 years

A levels: A*AA. Mathematics grade A* required, plus grade A if Economics being offered. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 39 points. A score of 19 points in three higher level subjects including grade 7 in Mathematics and grade 6 in Economics if taken, with no score lower than 5.

Other qualifications:
see online Prospectus entry.

This degree, aimed at ambitious and mathematically capable students, provides a thorough grounding in economic theory, along with the technical tools, mathematics and statistics to assist in mastering the theory. Our highly regarded department offers a stimulating learning environment in central London, close to the world's largest financial centre.

Year one is made up of compulsory courses on economic theory, applied economics, mathematics and statistics, and some optional courses. In year two, principles of model-building, problem-solving and quantitative techniques are emphasised, and you will take compulsory courses in microeconomics, macroeconomics and econometrics. Most year three courses introduce you to research papers and current research, including that of staff members whose research impacts directly on the policy process. Teaching is mainly delivered via lectures, demonstration classes and small-group work.

Economics with a Year Abroad BSc (Econ)

UCAS: L101 • 4 years

A levels: A*AA. Mathematics grade A* required, plus grade A if Economics being offered. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 39 points. A score of 19 points in three higher level subjects including grade 7 in Mathematics and grade 6 in Economics if taken, with no score lower than 5.

Other qualifications:
see online Prospectus entry.

A unique programme which combines a rigorous economics curriculum with a year of study abroad at a renowned university in North America. Our highly regarded department offers a stimulating learning environment in central London, close to the world's largest financial centre.

Year one is made up of compulsory courses on economic theory, applied economics, mathematics and statistics, and some optional courses. In year two, principles of model-building, problem-solving and quantitative techniques are emphasised, and you will take compulsory core courses in microeconomics, macroeconomics and econometrics. Year three is spent at a university in North America. Most final-year courses introduce you to research papers and current research, including that of UCL staff. Teaching is mainly delivered via lectures, demonstration classes and small-group work.

An understanding of issues such as the environment, economic development and migration is important as our society becomes increasingly globalised. Studying Geography provides an excellent all-round education, encompassing both humanities and sciences, that will provide you with key skills for your life and career.

Geography BA

UCAS: L700 • 3 years

A levels: AAA-AAB. Geography grade A required. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 36–38 points. A total of 17–18 points in three higher level subjects including grade 6 in Geography, with no score below 5.

Other qualifications: see online Prospectus entry.

This is an integrated geography programme which combines physical and human geography as well as offering opportunities for specialisation. Those choosing the BA will usually have studied social science or humanities subjects at A level or equivalent, but it is possible to transfer to the BSc if your interests develop differently.

The Geography BA and BSc share core elements and your personal interests will shape your choice. Years one and two comprise core courses in the fundamentals of geography, plus optional courses. You may focus your selection around themes such as development, environmental management, social geography and climate change. Your dissertation is the main focus of year three. Fieldwork in the first two years is normally UK-based, but some third-year options include field trips abroad, and it is possible to base your dissertation on an overseas project.

Geography BSc

UCAS: F800 • 3 years

A levels: AAA-AAB. Geography grade A required. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 36–38 points. A total of 17–18 points in three higher level subjects including grade 6 in Geography, with no score below 5.

Emilie Tant

Geography BA

Third Year

“I chose geography for its constant relevance to understanding the world we live in. Geopolitics has been my favourite course as it intertwines historical, theoretical and practical elements in examining international politics – something that is ever more relevant to us in our globalised world.

UCL was perfect for me both academically and geographically. The university is based in the middle of London and although there is definitely a campus feel, it is fantastic to be so integrated into the city.

Studying in London offers an experience nowhere else can. Rather than feeling like a totally student-dominated city, you feel a part of the fabric and people that make London what it is. It has an incredible atmosphere, which although fast-paced, is worth being a part of. Music, museums, beautiful parks, quirky pubs, unique events, free public lectures – London is both a social gem and an ideal place for academic endeavour.”

Environmental Geography BSc

UCAS: F810 • 3 years

A levels: AAA-AAB. Geography grade A required. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 36-38 points. A total of 17-18 points in three higher level subjects including grade 6 in Geography, with no score below 5.

Other qualifications:
see online Prospectus entry.

The Environmental Geography BSc is aimed at students with a strong commitment to physical geography. The degree aims to develop this interest through courses that examine the dynamics of environmental processes, and their measurement, modelling and management.

Students take the same core courses as for the Geography BA and BSc, but with an emphasis on physical geography. First-year courses introduce the operation of environmental systems and the interaction between people and their environment. Year two builds upon these foundations by detailed examination of geomorphological, hydrological and ecological processes, with instruction in the field, laboratory and analytical techniques employed in the monitoring and modelling of these processes. Final-year courses are more specialised, and students will undertake a physical geography dissertation.

Economics and Geography BSc (Econ)

UCAS: LL17 • 3 years

A levels: AAA-AAB. Mathematics and Geography grade A required. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 36-38 points. A total of 17-18 points in three higher level subjects including grade 6 in Geography and Mathematics, with no score below 5.

Other qualifications:
see online Prospectus entry.

Economics and geography have been moving ever closer in their concerns. The fields of development and the environment are obvious examples. This challenging combined-studies programme is designed to equip students with a thorough grounding in the theoretical principles and techniques of application in both fields.

In year one you will take core introductory courses and optional courses in both subject areas. Year two comprises core courses in microeconomics and macroeconomic theory and policy, plus optional courses from a wide range in Economics and Geography. All final-year courses are optional, selected from a wide range across both subject areas. Your timetable will include lectures, seminars, tutorials, practical classes and fieldwork. As you progress, the focus shifts to independent and critical learning.

At UCL your studies will benefit from our expertise in an extraordinary range of cultures and periods, and access to the remarkable resources that London has to offer. Studying history will provide you with the critical skills for understanding the past – and the present – using a variety of methodologies and thematic approaches.

Ancient History BA

UCAS: V110 • 3 years

A levels: A*AA-AAA. History, Ancient History or Classical Civilisation required. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30), except a modern foreign language at grade B. Ancient European language at grade B also welcomed.

IB Diploma: 38-39 points. A score of 18-19 points in three higher level subjects including grade 6 in History, with no score lower than 5. A minimum of 5 is required at standard level in a modern or ancient European language.

Other qualifications:
see online Prospectus entry.

Studying History at UCL gives you opportunities to explore the subject which are probably unrivalled anywhere else in the UK or Europe. This degree focuses on the ancient history of the Near East, Egypt and the Mediterranean world from the third millennium BC to late antiquity. The programme comprises compulsory elements (courses or written work) plus optional courses in all years. Students must take at least one course in an ancient language to prepare them for working with documents; this is taught from scratch. We encourage all students to take advantage of the breadth of provision in Medieval, Early Modern and Modern, as well as Ancient History; optional courses may be taken from another discipline. Teaching is delivered via lectures and seminars, and one-to-one tutorials provide personal feedback on essays.

Ancient History and Egyptology BA

UCAS: VQ14 • 3 years

A levels: A*AA-AAA. History, Ancient History or Classical Civilisation required. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30), except a modern foreign language at grade B. Ancient European language at grade B also welcomed.

IB Diploma: 38-39 points. A score of 18-19 points in three higher level subjects including grade 6 in History, with no score lower than 5. A minimum of 5 is required at standard level in a modern or ancient European language.

Other qualifications:
see online Prospectus entry.

This three-year specialist degree enables you to study the history, culture and language of ancient Egypt in the wider framework of the history of the Mediterranean and Middle Eastern world from the early third millennium to the end of the first millennium BC.

Years one and two comprise both core and optional courses. In year three you will undertake a final-year dissertation. All students learn the Egyptian language and hieroglyphic script, and the history of the peoples living on the banks of the Nile, the Euphrates and the Tigris, as well as their neighbours in Nubia, Anatolia and Iran. Optional courses in years two and three can focus on languages (Ancient Hebrew, Akkadian, Sumerian and Hittite are taught at UCL and elsewhere within the University of London), ancient history and/or archaeology.

History BA

UCAS: V100 • 3 years

A levels: A*AA-AAA. History required. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 38-39 points. A score of 18-19 points in three higher level subjects including grade 6 in History, with no score lower than 5.

Other qualifications:
see online Prospectus entry.

Studying History at UCL gives you opportunities to explore the subject which are probably unrivalled anywhere else in the UK or Europe. This flexible degree programme offers an exceptional range of courses, enabling you to study ancient, medieval and modern history, from the fourth millennium BC to the contemporary world.

The programme comprises compulsory elements (courses or written work) plus optional courses in all years. We strongly encourage all students to take at least one course in each of Ancient History, Medieval or Early Modern History, and Modern History. Optional courses may be taken from another discipline such as a language or archaeology. In years two and three you may choose specialist history courses offered within the University of London. Teaching is delivered via lectures and seminars, and one-to-one tutorials provide personal feedback on essays.

History with a Year Abroad BA

UCAS: V104 • 4 years

A levels: A*AA-AAA. History required. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 38-39 points. A score of 18-19 points in three higher level subjects including grade 6 in History, with no score lower than 5.

Other qualifications:
see online Prospectus entry.

Studying History at UCL gives you opportunities to explore the subject which are probably unrivalled anywhere else in the UK or Europe. This four-year degree combines the flexibility of the BA History programme with the opportunity to spend the third year abroad at an institution in North or South America.

The programme comprises compulsory elements (courses or written work) plus optional courses in the first, second and final years. Year three is spent abroad at an approved university. We encourage all students to take at least one course in each of Ancient History, Medieval or Early Modern History, and Modern History. Optional courses may be taken from another discipline such as a language or archaeology. In the second and final years you may also choose specialist history courses offered within the University of London.

History with a European Language BA

UCAS: V1R9 • 4 years

A levels: A*AA-AAA. History and a European language required. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30).

IB Diploma: 38-39 points. A score of 18-19 points in three higher level subjects including grade 6 in History and a European language, with no score lower than 5.

Other qualifications:
see online Prospectus entry.

This four-year, flexible degree programme introduces you to Anglophone and continental European traditions in academic History as well as to an ambitious range of themes, geographical areas and chronological periods. You will spend your third year studying at a European university, where teaching is conducted in another language.

The programme comprises compulsory elements (courses or written work) plus optional courses in years one, two and four. You will take language courses in years one and two to prepare for the year abroad. We strongly encourage all students to take at least one course in each of Ancient History, Medieval or Early Modern History, and Modern History. During the year abroad, you will produce a long essay of 7,500 words using sources in the relevant European language, and sit a translation examination.

History of Art /

www.ucl.ac.uk/prospectus/art-history

A wide-ranging subject with a dynamic diversity of topics and methodologies, History of Art will develop both your critical and practical skills. UCL's central London location means that a vast array of visual resources, from classical to modern times and from all over the globe, are available to enrich your studies.

History of Art BA

UCAS: V350 • 3 years

A levels: AAB. No specific subjects. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30), except English Language and a foreign language at grade B.

IB Diploma: 36 points. A score of 17 points in three higher level subjects, with no score lower than 5. A minimum of grade 4 is required at standard level in a modern language.

Other qualifications:
see online Prospectus entry.

UCL is one of the most exciting places to study history of art in the country. This programme aims to develop your knowledge and understanding of the visual arts, covering a wide range of visual imagery and making use of London's extensive public collections, libraries, museums and architecture.

In years one and two you will take core courses plus a choice of optional courses in both History of Art and in a subsidiary subject (anthropology, archaeology, history or philosophy) to help build a solid foundation to comprehend visual culture, both past and present. In year three you select special subjects offered within the department or, in certain circumstances, at other London institutions, and write a dissertation on a topic of your choosing in consultation with your supervisor.

History of Art with Material Studies BA

UCAS: V3F2 • 3 years

A levels: AAB-ABB. No specific subjects. A pass in a further subject at **AS level** or equivalent is required. Standard **GCSE** offer (see page 30), except English Language and a foreign language at grade B.

IB Diploma: 34-36 points. A score of 16-17 points in three higher level subjects, with no score lower than 5. A minimum of grade 4 is required at standard level in a modern language.

Other qualifications:
see online Prospectus entry.

This degree provides a unique focus on works of art as physical objects. You will gain comprehensive skills in art history, together with a thorough understanding of artists' techniques and questions of materiality, both at the time a work of art was made, and subsequently as it ages and deteriorates.

Year one includes compulsory introductory courses in art history, science for art historians, and methods and materials of artists. Year two courses further explore the technical aspects of art, conservation, and the history of materials. In year three, all students write a research project of approximately 10,000 words. The Art/Work/Spaces course enables you to gain practical work experience outside the department. In years one and three you may also take appropriate optional courses from other fields.
