Ageing studies at UCL

- **1958 Birth Cohort Study** - Alissa Goodman (UCL Institute of Education)
- **1970 Birth Cohort Study** - Professor Alice Sullivan (UCL Institute of Education)
- **British Regional Heart Study** - Professor Goya Wannamethee (UCL Institute of Epidemiology and Health Care) and Professor Peter Whincup (St Georges)
- **Cellular ageing in fission yeast** - Professor Jurg Bahler (UCL Research Department of Genetics, Evolution and Environment / UCL Institute of Healthy Ageing)
- **Comorbidity in Relation to AIDS (COBRA)** - Professor Caroline Sabin (UCL Research Department of Infection and Population Health) and Dr Alan Winston (Imperial College London)
- **Complex Built Environment Systems (CBES) Platform Grant** - Professor Mike Davies (The Bartlett School of Environment, Energy and Resources)
- **Dementia Research Centre** – Professor Nick Fox (UCL Institute of Neurology)
- **DEpletion of Serum Amyloid P Component In Alzheimer's Disease (DESPIAD) Phase II clinical trial of CPHC** - Professor Sir Mark Pepys FRS (Wolfson Drug Discovery Unit)
- **DREAMS START (Dementia RElated Manual for Sleep; STRategies for Relatives)** - Professor Gill Livingston (Mental Health of Older People Department, UCL Division of Psychiatry)
- **English Longitudinal Study of Ageing** - Professor Sir Michael Marmot and Professor Andrew Steptoe (UCL Research Department of Epidemiology and Public Health)
- **FOXO and ETS factors in ageing in Drosophila** - Dr Nazif Alic (UCL Institute of Healthy Ageing)
- **Health, Alcohol and Psychosocial factors in Eastern Europe (HAPIEE) Study** - Professor Martin Bobak (UCL Institute of Epidemiology and Health Care)
- **Home Health** - Dr Kate Walters (UCL Department of Primary Care & Population Health)
- **IDEA (Intervention to prevent Depressive symptoms and promote well-being in EARly stage dementia: development and feasibility)** - Dr Vasiliki Orgeta (Mental Health of Older People Department, UCL Division of Psychiatry)
- **In vitro models of Alzheimer’s Disease (Stem Cells)** – Dr Selina Wray (UCL Institute of Neurology)
- **Inflammation in autoimmune disease** – Professor David Abraham (Centre for Rheumatology and Connective Tissue Diseases) and Professor Christopher Denton (UCL Centre for Rheumatology and Connective Tissue Diseases)
- **MARQUE (Managing Agitation and Raising QUality of life in dementia)** - Professor Gill Livingston (Mental Health of Older People Department, UCL Division of Psychiatry)
- **MRC Grand Challenge Grant: ‘Enhancing immunity and vaccination responses in older humans by targeting the p38 MAP kinase signalling pathway and vitamin D supplementation’** - Professor Arne Akbar (UCL Division of Infection & Immunity) and Professor Derek Gilroy (UCL Centre for Clinical Pharmacology and Therapeutics)
- **MRC National Survey of Health & Development (1946)** - Professor Diana Kuh (MRC Unit for Lifelong Health & Ageing at UCL)
- **New Dynamics of Ageing: Music for Life Project** - Professor Sue Hallam (UCL Institute of Education)
- **Parkinson's disease - genetics and mechanism** – Professor Nicholas Wood (UCL Institute of Genetics)
- **POPPY (Pharmacokinetic and clinical observations in people over fifty)** - Professor Caroline Sabin (UCL Research Department of Infection and Population Health)
- **Role of PI3K in metabolic ageing** - Dr Lazaros Foukas (UCL Institute of Healthy Ageing)
- **Seeing what they see: compensating for cortical visual dysfunction in Alzheimer's disease** - Dr Sebastian Crutch (UCL Civil, Environmental and Geomatic Engineering)
- **Socioeconomic inequalities in health expectation and survival with multiple morbidities: a CALIBER proposal using CPRD data** - Dr Madhavi Bajekal (UCL Dept of Applied Health Research)
- **Southall And Brent Revisited Study (SABRE)** - Professor Nish Chatuverdi (UCL Institute of Cardiovascular Science)
- **Speech communication in older adults** - Professor Valerie Hazan (Department of Speech, Hearing and Phonetic Sciences (SHaPS))
- **Synaptic transmission in the brain** - Dr Frances Edwards (Research Department of Neuroscience, Physiology and Pharmacology (NPP))
- **Whitehall II Cohort (Stress and Health Study)** - Professor Mika Kivimaki (UCL Institute of Epidemiology and Health Care)

This is not an exhaustive list so please contact Helen Hopkins if you are involved with a UCL ageing-related study that you think should be included.
