

UCL Postgraduate External Examiners 2016-17

November 2016: republished annually

January 2017: updated version

For any queries about this list, please contact examiners@ucl.ac.uk

UCL External Examiner's names and home institution will be published annually and listed under their respective Board of Examiners.

For details of the role of the External Examiner, please refer to the Academic Manual (Chapters 4 and 6).

If students have any queries, for example, in relation to their assessment, exam board outcomes, in the first instance they should contact the Departmental Administrator.

Students must not make direct contact with External Examiners regarding their individual performance in assessments. Appropriate mechanisms are available to raise

these concerns through UCL's Student Complaints Procedure.
