Graduate and Taught Postgraduate

Implementation Policy for Chapter 4: Assessment Framework for Taught Programmes 2018-19

The following policy has been agreed by Education Committee as a reference point for Boards of Examiners when making decisions. It covers the most common scenarios that might arise, however there are occasionally more complex cases which require more individualised solutions. If you are unsure about the most appropriate course of action, please contact the Academic Policy and Quality Assurance team at academic.regulations@ucl.ac.uk who can discuss precedents and options with you.

| 10 Classification | • All students who are fully enrolled on the 2018-19 academic session, with the following exceptions:
|                   |   - **For Master of Laws (LLM) students**, the Classification will be calculated using the regulations which were in place when the student **first enrolled** on their programme at UCL, including where a student has Interrupted, Deferred modules and/ or undertaken Resits and Repeats. These Classification regulations are defined in the LLM Programme Summary and are available from the Faculty of Laws.
|                   |   - **For Repeating Masters students**, the Classification will be based on the weighted mean and on the mark in the Dissertation/ Research Project, as was the case in the 2017-18 regulations. In all other respects, students who are undertaking a **Repeat** will be fully enrolled on the 2018-19 academic session and therefore subject to the 2018-19 regulations.
