Beyond the Tribal Hidage data: <https://www.ucl.ac.uk/early-medieval-atlas/map-data/beyond-tribal-hidage-data>

*This archive comprises the base line research data of the Leverhulme Trust funded project Beyond the Tribal Hidage: the early Anglo-Saxon kingdoms of southern Britain AD 450-650, directed by the late Martin Welch at UCL Institute of Archaeology 2006-9. Here are listed 834 burial sites, 12,379 buried individuals and 26,043 associated objects recorded from the region south of the River Thames and east of the River Parrett. It was a long-held ambition by Martin to update Audrey Meaney's formidable gazetteer of Early Anglo-Saxon burials sites, published in 1964 and we are pleased to include downloadable pdfs of that volume in the website.*
