

MA Architectural History:

Application Preparation Advice

In addition to the admissions requirements, we would like to request an essay that you have completed from a previous degree. The essay must be your own original work, and that in those places where you include the work of others, this is clearly referenced. The essay must also be written in English.

Academic Group work is accepted but it needs to be clearly indicated.

Group work needs to be marked to indicate what your role was in the project.

Missing indication might result in rejection.

Applicants should upload their essay following the guidance above at the point of application wherever possible. To do so, please follow the instructions below:

Please upload your essay in a word or PDF document which includes your name to the 'additional document' option in the supporting material section of the online application system.

If you have not submitted your essay at the point of application, we will send you an additional work submission request. We cannot open the upload function on request from applicants, so please wait for us to contact you.

Please note that your application will not be considered by the tutor until this supporting material has been received.
