A portfolio of design work is required of all master's applicants.

The portfolio should include academic work, practice experience and one personal practice project.

Applicants should prepare the portfolio carefully to best illustrate their individual potential as a designer. The Portfolio needs to be curated to clearly show your ambition and curiosity of your practice.

***Academic Group work is accepted but it needs to be clearly indicated.***

***Group work needs to be marked to indicate what your role was in the project.***

***Missing indication may result in rejection.***
