MSc Sustainable Heritage Dissertation Titles

Title	Author	Year	Location
What is the impact of historical urban space on day-to-day life in Ju'er Hutong?	Zhao Lei	2015	Room 406 - Central House
The attitudes from the public and architects towards timber-framed building in Britain. Case Study: Liberty	Yihui Zhao	2015	Room 406 - Central House
Re-Founding industrial past towards a language for the Conservation of Industrial Heritage	Guillermo Rojas Alfaro	2015	Room 406 - Central House
Conservation heating at the National Trust: Investigating its benefits and mitigating its limitations & sustainability in the context of climate change.	Hilary Jarvis	2015	Room 406 - Central House
A Question of Sustainability: Analysing the Use of Non-Traditional Building Methods and Materials within Cob Heritage in Devon	Xiomara Pattison	2015	Room 406 - Central House
Reconceptualising intangible heritage: the case of the Mongolian Ger/Yurt	Xuanlin Liu	2015	Room 406 - Central House
An investigation into Museum Volunteering Systems in London and Lancaster and a Proposal of a Means to Increase Volunteer Retention Rates.	Yunru Lu	2015	Room 406 - Central House

Public perceptions of the co-existence of Contemporary Architecture with Historic Environments. The case of the National Maritime Museum and Sammy Ofer Wing in Greenwich World Heritage Site.	Stella Skaltsa	2015	Room 406 - Central House
Conservation Management Planning - A Way to Sustainability?	Liisa Maria Elina nasanen	2008	Room 406 - Central House
Managing Architectural Interventions in Heritage: a Cross-cultural Perspective using the cases of King's Cross Station and Ramses Station in Cairo.	Alyaa Taha	2012	Room 406 - Central House
Statutory Funding for Built Heritage: A Maintenance Led Approach.	Terence Patrick Quinn	2007	Room 406 - Central House
The viability of greening London Conservation Areas as a response towards Climate Change and the Urban Heat Island Effect.	Isabel Mary Assaly	2010	Room 406 - Central House
New Development within Historic Townscapes - How can heritage facades influence new building construction in order to maintain coherence within a townscape?	Cristian Sammut	2011	Room 406 - Central House
Access, Conservation and the English House Interior: Towards an appropriate and robust strategy of interpretation for Fenton House.	Norry Welch	2013	Room 406 - Central House
Heritage and Social Participation: The case study of the Bomb Gap at King's Cross Station.	Nadina Reusmann	2009	Room 406 - Central House
Energy, Comfort and Conservation: The impact of behaviour and comfort on collections display area energy consumption.	Susan Poupard	2009	Room 406 - Central House

Fire safety in churches. An assessment of the Regulatory Reform (Fire Safety) Order 2005 and the implications for historic churches.	Anna Cudnowska	2007	Room 406 - Central House
Considerations for a Value-based Approach to Constructive Conservation and New Construction in Historic Places.	Koji Naito	2010	Room 406 - Central House
Sustainable Sewage Treatment for Heritage Environments.	Nigel Houghton	2014	Room 406 - Central House
Managing Boundaries: a Toolkit for Buffer Zone Planning in Cultural World Heritage Sites.	Ilaria Perzia	2009	Room 406 - Central House
Challenges in improving windows in historic buildings - the case of the National Trust	Tudor Pop	2014	Room 406 - Central House
Conservation and Sustainability: the role of Stakeholder involvement issues in determining the future of Brutalist architecture.	Tom Davies	2014	Room 406 - Central House
Managing Change in the built heritage of the 20th century. A review of current frameworks in the context of the redevelopment of the Commonwealth Insitute.	Tanya Gabriella Griffiths	2014	Room 406 - Central House
World Heritage and Sustainability: Concern for social, economic and environmental aspects within the policies and processes of the World Heritage Convention.	Giovanni Boccardi	2007	Room 406 - Central House
Cairo's Belle Epoch Heritage: Identity Management and Sustainability.	Tannis Davidson	2008	Room 406 - Central House

The Return of Temple Bar to the City of London. A return to its spiritual home?	Miles Nicholas Cockroft	2005	Room 406 - Central House
Temporary Structures that become Heritage. Why are they kept and how do they adapt if they were not meant to last?	Lara Sofia Custodio Gastao	2011	Room 406 - Central House
From theory to practice. Understanding the problems of the National Dund for Culture and the Arts to achieve the National Centre for the Culture and the Arts objectives, in the subject of Intangible Cultural Heritage, in the County of Antofagasta in Chile.	Katherine Yubiza Vergara Alvara	2011	Room 406 - Central House
Conservation Ventilation. A study into the viability and sustainability of an environmental control method for museum collections.	Wilma Bouwmeester	2008	Room 406 - Central House
Access to information: A Case Study of the Historic Built Environment in Hertfordshire.	Debbie Williams	2007	Room 406 - Central House
Contemporary Architecture and Aesthetics in Historic Urban Environments.	Javiera Aguirre Rivera	2014	Room 406 - Central House
Energy efficiency retrofit in European historic neighbourhoods: case studies of Santiago de Compostela, Romanico Norte and Romanico Atlantico.	Isadora Larrain de Andraca	2014	Room 406 - Central House
Re-Construction as a Process for rebuilding identities. The Case of Dresden.	Caterina Pappalardo	2014	Room 406 - Central House
Secondary substations in London controversy: Addressing the need for substations in conflict with historic environment.	Petya K. Mladenova	2012	Room 406 - Central House

Perceptions towards Cultural heritage and their impact on its management: The case of Patras, Greece	Nikolopoulos Vasileios	2012	Room 406 - Central House
Sustaining Our Heritage: The Way Forward for Energy Efficient Historic Housing Stock.	Deborah Crockford	2012	Room 406 - Central House
UNESCO, World Heritage and the dynamic process of change: A case for communication.	Pinelopi Zoi Antoniou	2012	Room 406 - Central House
Are the strategic views towards London's St Paul's Cathedral a sustainable concept?	Catriona Bennett	2011	Room 406 - Central House
Greening Object Conservation: Cross Industry Searches for Sustainable Conservation Materials and Workshop Practices and its applications to Archaeological Conservation in the UK.	Dana Goodburn-Brown	2011	Room 406 - Central House
Integrating the Aims of Heritage Conservation and Energy-efficiency. A case study from Norwegian Modernism.	Dorina Sylvia Dobnig	2011	Room 406 - Central House
Tradition and Technology: can traditional adobe construction be conserved as a sustainable reconstruction and earthquake resistant technology in Chile?	Ursula Reidel Hauenstein	2011	Room 406 - Central House
Appraising Sustainable Refurbishment - The Impact on Historic Residential Areas	Wendy Jo Attard	2010	Room 406 - Central House
Visual Sustainability for Heritage in Townscapes: Is it achievable through townscape and visual impact assessment?	Manal Khalaf	2009	Room 406 - Central House

Building Climate Change Adaptive Capacity: Knole House, Park and Gardens	Lara Louise Pearce	2008	Room 406 - Central House
A Shared Future? Heritage Led Regeneration at Crumlin Road Gaol: A Socially Sustainable Solution?	Leah O'Neill	2007	Room 406 - Central House
Environment Management Strategies Applied: Lumbini the Birthplace of the Lord Buddha.	Konstanze von zur Muhlen	2006	Room 406 - Central House
Sustainability and Reliability of Predictive Rational Tools in the Preservation Decision-making Process.	Seok-joo Rhee	2005	Room 406 - Central House
An Application of Complexity Theory to Understand Sustainable Heritage Development.	Ali Osama Ali Mikawi	2006	Room 406 - Central House
At the Intersection of Conservation and Experience: A Case Study on Design and Sustainable Collection Management at New Pitt Rivers Museum Research Centre.	Ernesto T. Endrina	2005	Room 406 - Central House
An exploration of the decision-making process in the refurbishment of listed buildings using Social Network Analysis: The case study of the Grand Store at the Royal Arsenal, Woolwich.	Alejandra Del Rio Monges	2006	Room 406 - Central House
The Economic Valuation of the Sustainability of Heritage.	Cecilia Jagu	2005	Room 406 - Central House
Sustainable Maintenance of World Heritage Sites: the archaeological site of Herculaneum, Italy.	Carmela Peluso	2009	Room 406 - Central House

Traditional Skills Shortage	Nevil Norman Kirby	2009	Room 406 - Central House
Balancing tourism and conservation at World Heritage sites.	Akie Hoshino	2009	Room 406 - Central House
The Marriage between a Listed Building and a Foreign-Culture Occupancy, is it Sustainable?	May El Tabbakh	2009	Room 406 - Central House
Faith in Maintenance Plans: The effectiveness of Maintenance Plans in Churches.	Michael John Murray	2013	Room 406 - Central House
Climate Risk Assessment for UK Historic House Collections: Evaluation of organic material damage function tools for assessment of risks detrmined from relative humidity and temperature data.	Hazel B Jessup	2012	Room 406 - Central House
Future Heritage: Commissioning Sustainability in Contemporary Art.	Andrew Parratt	2010	Room 406 - Central House
Involvement of private developers in the sustainable development of heritage sites: a case study on the former marine police headquarters , Hong Kong	Pak Wai Chan	2007	Room 406 - Central House
Money vs Mission: Do we have to choose when it comes to Heritage?	Laura Ann Samuels	2008	Room 406 - Central House
World Heritage Sites between the Governmental Authoritites and the International Bodies.	Wiam Alaridi	2008	Room 406 - Central House

The economic valuation of the sustainability of heritage.	Cecilia Jagu	2005	Library
Sustainability of local community through UNESCO's world heritage site policy : a case study on old historic city of Ayutthaya, Thailand.	Panuwatthan Thonubol	2008	Library
Public-private partnerships : a suitable option for heritage management strategies?	Constanze Fuhrmann	2009	Library
What initiatives are being taken in addressing training issues within the traditional building craft skills sector and architectural conservation in England?	Nicholas Paul Barnfield	2006	Library

Cultural and creative industries in the processes of regeneration of the historic urban environment : a juxtaposition of the theoretical background of culture-led regeneration with the use of built heritage in the conservation areas of Hoxton Square and Hoxton Street.	Maria Pandrevmenou	2010	Library
Money vs mission : do we have to choose when it comes to heritage?	Laura Ann Samuels	2008	Library
The marriage between a listed building and a foreign-culture occupancy : is it sustainable? : case study : the Egyptian Cultural Centre and Educational Bureau in London, 4 Chesterfield Gardens W1.	May El Tabbakh	2009	Library
Paper conservation and the dynamics of change.	Amelia Rampton	2010	Library
How can the significance of an historic building be retained whilst adapting to new uses and conforming to energy efficiency requirements? : case study of St. Paul's Chapter House.	Maria Marrugat Esteve	2009	Library
Conservation management planning : a way to sustainability?	Liisa Maria Elina Nasanen	2008	Library
Considerations for value-based approach to constructive conservation and new construction in historic places.	Koji Naito	2010	Library
Managing boundaries : a toolkit for buffer zone planning in cultural world heritage sites.	Ilaria Perzia	2009	Library
The challenge of retrofitting London's heritage buildings.	Lisa C Taylor	2011	Library

Cairo's Belle époque heritage : identity, management and sustainability.	Tannis Davidson	2008	Library
The impacts of tourism on authenticity of world heritage sites.	Akie. Hoshino	2010	Library
Philosophy via policy to practice : the role of local authority conservation and planning offices in developing effective proactive strategies to sustain the urban historic environment.	Tanya Christina Szendeffy	2010	Library
Sustainable urban heritage landscapes and the emergence of their importance as green infrastructure : Brompton Cemetery.	Autumn Elizabeth Acker	2009	Room 406 - Central House
Choices of for [sic] improving energy efficiency in traditional houses preferred by residents of conservation areas : a field-based research in two conservation areas in the London boroughs of Camden and Tower Hamlets. Varying title: Choices for improving energy efficiency in traditional houses preferred by residents of conservation areas	Zehra Lalji	2009	Library
Sustainable maintenance of world heritage sites : the archaeological site of Herculaneum, Italy.	Carmela Peluso	2009	Library
The return of Temple Bar to the City of London : a return to its spiritual home?	Miles Nicholas Cockroft	2005	Library
A shared future? : heritage led regeneration at Crumlin Road Gaol : a socially sustainable solution?	Leah O'Neill	2007	Library
Policy to practice : an analysis of UNESCO's approach to heritage management.	Anna-Luise Ruttman	2005	Library

Out of place : Genius Loci and the boundaries of heritage interpretation.	Guillaume Dreyfuss	2007	Library
Sustainable heritage : an application of complexity theory to understand sustainable heritage development. Varying title: Application of complexity theory to understand sustainable heritage development	Ali Osama Ali Mikawi	2006	Library
Involvement of private developers in the sustainable development of heritage sites : a case study on the former marine police headquarters, Hong Kong.	Pak Wai Chan	2007	Library
World heritage and climate change : developing a framework for assessing vulnerability.	Robert Woodside	2006	Library
"A shared voice?" : assessing the realities of community involvement : focus on the historic village of Anegundi, Core Zone, Hampi World Heritage Site, Karnataka, India.	Christina Brooks	2007	Library
At the intersection of conservation and experience : a case study on design and sustainable collection management at New Pitt Rivers Museum Research Centre.	Ernesto T Endrina	2005	Library
An exploration of the decision-making process in the refurbishment of listed buildings using social network analysis : the case study of the Grand Store at the Royal Arsenal, Woolwich.	Alejandro Del Río Monges	2006	Library
REfurbish or redevelop? : a sustainability comparison for social housing in Brixton / Pratima Washan.	Pratima Washan	2005	Library
Environmental management strategies applied : Lumbini, the birthplace of the Lord Buddha .	Konstanze von zur Mühlen	2006	Library

Cultural heritage at crisis : an analysis of heritage safeguarding approaches after natural disasters.	Aikaterini Laina	2010	Library
Tradition and technology : can traditional adobe construction be conserved as a sustainable reconstruction and earthquake resistant technology in Chile?	Ursula Reidel Hauenstein	2011	Library
Sustainable heritage tourism : policies and practices.	Pakhee Kumar	2012	Library
Sustainability and reliability of predictive rational tools in the preservation decision-making process.	Seok-joo Rhee	2005	Library
The Medina Tourism Potential Index : an analysis.	Antonia Fleur Stuart Ward	2010	Library
Energy, comfort, and conservation : the impact of behaviour and comfort on collections display area energy consumption.	Susan Poupard	2009	Library
Traditional skills shortage : can the built heritage sector be sustainable without a greater emphasis being placed on the importance of traditional skills?	Nevil Norman Kirby	2009	Library
Managing or driving change?: establishing consensus of opinion on energy efficiency and microgeneration in historic buildings.	Christina Marie Stuart	2012	Library
Adaptive reuse of church crypts : St. Martin-in-the-Fields and other meeting places of sustainability.	Stephen Morrison	2008	Library
