

CONSTRUCTION ECONOMICS AND MANAGEMENT MSC

Application processing time

Application processes vary from programme to programme across UCL. Some selectors wait until the programme application deadline has passed before considering all applications together or in a number of different rounds. Other selectors consider applications as soon as they are received.

For this programme, applications are considered in a number of different rounds, as indicated on the tables below.

Application submitted and complete, <i>with transcript and references</i> by:	Application passed from the Graduate Admissions Office to the selectors :	Application returned to the Graduate Admissions Office:	Decision expected to be made:
26 November 2021	14 December 2021	14 January 2022	21 January 2022
21 January 2022	28 January 2022	4 March 2022	11 March 2022
18 March 2022	25 March 2022	6 May 2022	13 May 2022
After 13 May 2022	On a rolling basis, as soon as possible	On a rolling basis, as soon as possible	On a rolling basis, as soon as possible

The final deadline for submitting an application online is **31 March 2022**. Please note that the Graduate Admissions Office will not pass your application to the selectors for consideration until your academic transcripts and references have been submitted.

Academic departments may contact you during the application process. Please note that only the Graduate Admissions Office is able to make you an official, binding offer.

You can check the status of your references by logging into the Applicant portal.

Please note that we will only consider one application to this programme: that is, you may not apply for full-time and modular/flexible study.

Please note that Student Visa holders are eligible for full-time study only at UCL.
