## 4th Annual Meeting: *Functional Morphology* Thursday 15<sup>th</sup> February 2024

JZ Young Lecture Theatre, Anatomy Building,  
University College London, Gower Street, WC1E 6BT, UK

### *Confirmed speakers & topics:*

- 09:30 *Registration & refreshments*
- 10:00 Welcome – **Phil Cox** (UCL CIA host)
- 10:15 **Ryoko Matsumoto** – Skull bones in tetrapods
- 10:30 **Eloy Gálvez-López** – Chameleon head musculo-skeleton
- 10:45 **Amber P. Wood-Bailey (Liverpool)** – Intracranial joints in hares & rabbits
- 11:00 **Marius Didziokas** – Segmentation tools & techniques
- 11:15 *Refreshments & networking*
- 11:45 **Elizabeth Steell** – Bird skeleton evolution
- 12:00 **Andrew Knapp** – Increasing brain size in bird braincase evolution
- 12:15 **Philip J R Morris (Hull)** – Functional morphology & morphometrics in birds
- 12:30 Flash talks: **Yéléna Schwartz, Patrick Hennessey**
- 12:40 *Lunch & networking*
- 14:00 **Sophia C Anderson (York)** – Mammalian should blades
- 14:15 **Nicole Torres-Tamayo** – Functional morphology of the primate pelvis
- 14:30 **Lia Betti** – Human birth canal diversity
- 14:45 Flash talks: **Chawalida Benjangkprasert, Belinda Kapinga**
- 15:00 *Refreshments & networking*
- 15:30 **Katie Long (KCL)** – Human brain development
- 15:45 **Jesse Hennekam (Maastricht)** – Form & function in island giants
- 16:00 **David Labonte (ICL)** – Insect biomechanics
- 16:15 KEYNOTE: **Dominique Adriaens (Ghent)** – Bio-inspired design from seahorse tails
- 16:45 Closing remarks – **Phil Cox**
