CAREER MANAGEMENT MAP

Identify your learning objectives and develop a plan to achieve them.

Return to UCL Careers for advice and interesting events for up to two years after your course ends.

Consider what will make the transition to this new life more comfortable, and then take the necessary steps.

Establish supportive relationships, join or create a professional network to help you achieve these goals.

Identify your learning objectives and develop a plan to achieve them.

After your course ends...
This Career Management Map will guide you through your career journey, providing you with suggestions and actions, which will help to inform your career choices and next steps.

Further to this, if you’d like to chat with a careers professional then please call us or make an appointment. See contact details below.
