

2020 中国在线数据 马拉松大赛

2020 CHINA ONLINE DATATHON

数据无限 智慧未来

2020 China Online Datathon

2020 China Online Datathon Race is organized by 51job and Correlation One.

【What is 2020 China Online Datathon?】

The datathon is a new kind of competition for future data scientists. Elite students team up and work together, using data science techniques to analyze social problems or business problems.

Participants need to do online submission instead of participating in the race from different cities. No matter where you are in the world, if you are interested in data race, you can easily participate in it.

【What can you get from 2020 China Online Datathon?】

- You can take part in the race **for free** and have the opportunity to **get the top prize**

- You will have the opportunity to compete against the best candidates in the field of data science and to improve and exercise your professional skills.
- You will **get close contact with well-known companies and job opportunities.**
- You may even **get an offer from a big company directly.**

【How about the schedule of the race?】

The application for the preliminary contest will be closed on **June 28, 2020**. Please register online as soon as possible and submit the online evaluation before the deadline.

The final date is **4-5 July 2020**. The organizer will be announced the final list after the preliminary round registration and informed the details of the final race as soon as possible.
