

26th International Conference on Chemical Thermodynamics

UCL Great Ormond Street Institute of Child Health, London

18 – 22 July 2021

Full details can be found on the ICCT-2021 conference website www.icct2020.org.
Abstract submission now open!

ICCT-2021 will be the 26th meeting in a series of conferences on chemical thermodynamics originally sponsored by IUPAC and now coordinated by the International Association of Chemical Thermodynamics.

The conference will feature the **2021 Frederick D. Rossini Award Lecture** and eight topical symposia covering all aspects of chemical thermodynamics.

Each symposium will feature a plenary lecture and include two invited lectures and contributed papers.

Topics

- Aqueous Solutions
- Biochemical & Pharmaceuticals Thermodynamics
- Energy and Environmental Thermodynamics
- Formulations & Advanced Materials
- Ionic Liquids/Non-Conventional Solvents Systems
- Phase Equilibria and Fluid Properties
- Soft Matter, Colloids, Complex fluids
- Surfaces, Interfaces and Confinement

Who should attend?

Researchers in the field of chemical thermodynamics, including biochemical thermodynamics, engineering thermodynamics and other related areas. The conference welcomes both academic and industrial researchers at all levels.

Conference Chair:

- Martin Trusler (Imperial College London)

Members of the Local Organising Committee:

- Fernando Bresme (Imperial College London)
- Amparo Galindo (Imperial College London)
- Angelos Michaelides (University College London)
- Alberto Striolo (University College London)

Fees:

Student Early Bird: £425*

Delegate Early Bird: £625*

Student Standard: £500

Delegate Standard: £750

*Early bird rate expires on 24/04/2021

Conference secretariat:
