

UCL staff and students (including hospital staff with an honorary contract with UCL) can access electronic resources from any computer.

To do this you need a **UCL username and password**. All UCL students and staff, including staff with honorary contracts, are eligible to register for a UCL username. See <http://www.ucl.ac.uk/isd/services/userid-passwords>. Please note, however, that possession of a username does not in itself confer eligibility for access to electronic library resources.

Links to ejournals, databases and UCL's Explore catalogue service can be found on the **UCL Great Ormond Institute of Child Health Library's homepage** (<https://www.ucl.ac.uk/child-health/support-services/library>).

Accessing ejournals through Explore

You can find a link to UCL's Explore catalogue service on the **GOS-ICH Library homepage** (<http://www.ucl.ac.uk/child-health/support-services/library>).

UCL Home / UCL Great Ormond Street Institute of Child Health / Support Services / Library

Library

The Library provides information support and information skills training for staff and students at the Great Ormond Street Institute of Child Health and the staff of Great Ormond Street Hospital. These pages provide information on all aspects of Library services.

Services and Facilities

- Computing facilities
- Interlibrary loans
- Photocopying, printing and scanning
- Borrowing
- Library Support for Students

Electronic resources

- Databases
- E-journals
- **Library Catalogue - Explore**
- Library blog
- Mobile apps and resources

Once in Explore, journals (including ejournals) can be found by limiting your search to 'Journal titles'.

The screenshot shows a search interface with a teal header. The search bar contains 'lancet neurology' and a dropdown menu is set to 'Journal titles'. Below the search bar is a yellow banner with the text 'Sign in to get complete results and to request items' and a 'Sign in' button. The main content area shows search results for 'lancet neurology'. The first result is 'The Lancet neurology.' by Oxford: Lancet Publishing Group 2002- with a 'Check Availability' link. The second result is 'Lancet neurology (Online)' by London?: Elsevier 2002- with a 'View Online' link. The page indicates 'PAGE 1 23 Results'.

For the online edition, click 'View Online'.

This is a close-up of the second search result from the previous screenshot. The 'View Online' link is circled in red to highlight it. The text above the link reads 'Lancet neurology (Online)' and 'London?: Elsevier 2002-'.

When you have done this, you will be given a list of possible sources including the dates covered.

The screenshot shows the 'View Online' page for 'Lancet neurology (Online)'. It features a sidebar with navigation options: TOP, SEND TO, VIEW IT, DETAILS, and LINKS. The 'SEND TO' section includes icons for EXPORT BIBTEX, RIS (ENDNOTE O), REFWORKS, ENDNOTEWEB, EASYBIB, CITATION, PERMALINK, PRINT, and E-MAIL. The 'VIEW IT' section has a 'Sign-in for more options' button. Below this, it states 'Full text available at: Elsevier ScienceDirect Journals' and 'Available from 2002 volume: 1 issue: 1'. An authentication note at the bottom reads 'Authentication notes: UCL username and password required for off-site access'.

From outside UCL, once you click upon a chosen link, you will be prompted to 'sign in' using your **UCL username and password**.

Full text articles through PubMed

To ensure that links to UCL 'paid-for' full-text articles are displayed, access **PubMed** via a link from a UCL site such as <https://www.ucl.ac.uk/child-health/support-services/library/databases>.

Once you have done your search, upon clicking on the 'full text link', you will be prompted to login using your **UCL username and password**.

Having done so you will be able to download a PDF of the article.
