## Introduction

The UCL Centre for Languages & International Education (CLIE) offers language courses taught to the highest standard by qualified and experienced native speakers.

## The Programme

The Evening Courses Programme is designed to teach participants how to communicate effectively in a foreign language. Whether for professional or personal reasons, an Evening Course can provide the means to achieve fluency in a chosen language. All four skills are taught: reading, writing, listening and speaking. Courses cover the language as it is spoken in everyday situations, from basic survival skills at beginner levels through to fluent communication at advanced levels.

Teachers will advise participants on individual language learning objectives. The average class size is 14 students.

The Evening Courses Programme is open to everyone and attracts students, academics and professionals. This creates a varied and dynamic learning environment.

## Languages Offered

Arabic, Dutch, French, German, Modern Greek, Icelandic, Italian, Japanese, Mandarin, Portuguese, Sanskrit and Spanish.

### Spanish

Learning Spanish has been an inspiring experience. Not only did I enter the world of another language, I also lived the Mediterranean vibes of the Spanish culture.
