

PETER KIRSTEIN LECTURE SERIES

The Age of the Cybercrime Unicorn

with Mikko Hyppönen

Friday 29th April, 14:00 – 16:15

UCL Cruciform Lecture Theatre 1

Also available via livestream

16:15 – 18:00 Afternoon tea reception

UCL Computer Science invites you to join our annual Peter Kirstein Lecture Series.

The lecture is named after our founding head and the father of the European Internet. While the topic changes each year, the common theme is that it should be accessible and thought provoking. This year's guest speaker is security and privacy expert, **Mikko Hyppönen**, on *"The Age of the Cybercrime Unicorn"*, focussing on the way that organised cybercrime gangs generate considerable wealth.

Panel discussion and Q&A to follow. Along with Mikko, panelists include:

**Gordon Corera**

*Security Correspondent,
BBC News*

**Craig Jones**

*Director Cybercrime,
INTERPOL*

**Gloria Laycock OBE**

*Professor Emeritus of
Crime Science at UCL*

Panel chaired by **Madeline Carr**: *Professor of Global Politics and Cyber Security*

Co-hosted by **Professors Steve Hailes** (*Head of UCL Computer Science*), **Lorenzo Cavallaro** and **Mirco Musolesi**
