

UCL REPAIR CAFE

Fixing a broken Britain **MARCH 28** 11-3 pm
UCL South Cloisters

Learn how to fix, maintain, and retain your stuff. Just bring something that's broken, torn, or tattered and learn how to mend it for FREE. Why do-it-yourself when we can **do-it-together?**

ACTIVITIES INCLUDE:

CLOTHING REPAIR

Sew, stitch, or mend your clothes, fixing buttons and patching holes! The team from **WORN** are on hand to help you with basic repairs and simple fixes while **expert conservators** are available to demonstrate modern fixes for vintage fabrics and historic repair techniques.

CLOTHES SWAP

Springtime got you sick of your winter wardrobe? Don't bin that tired jumper, trade it for something new-to-you. Bring several pieces of gently-used clothing that you rarely wear (be honest, you're never gonna don that velour top) and swap them for ones you will. Refresh your wardrobe for free!

BICYCLE REPAIR

Camden Bike Doctor will be on-site to help you with all your cycling needs. From simple tune-ups and adjustments to repairing punctures, brakes, and gears. No tools necessary, just bring your bike and the willingness to get a bit greasy!

ELECTRONICS

A team from the **Institute of Archaeology** will be able to answer your questions for all things electronic. From basic computer check-ups and troubleshooting to mending your toaster. Anything with a plug!

MAINTAINSPLAIN

Several members of the **Institute of Archaeology maintenance team** will be on hand to help with all of your built environment questions. Shorting switches or unusual stains? Learn the skills to help you get your full deposit back.

INSTRUMENT REPAIR

Played instruments often require a great deal of care, from bridge tightening, waxing, and lubing, to simple tuning or restringing. Learn the best methods to care for and maintain your instruments from **conservators** and **musicians**.

Free coffee and tea if you bring your own reusable mug.

MARCH 28
11:00 - 15:00
South Cloisters

MAKING HERITAGE BY MENDING THINGS

So come and see how investing in what we already own **reduces waste, adds value, brings meaning, and creates joy.**

Part of the Centre for Critical Heritage Studies Week: March 25-29 South Cloisters
