HE Apple Equipment & Services Framework Agreement – ITS6003-HW

Update – 3rd October 2016

In an effort to improve communication, and to support your purchasing choices through the framework agreement we are working closely with the resellers to provide regular updates of any supply chain issues that occur. This may include, for example information on products that are approaching end of life, constraints on supply, current lead times etc. but may change depending on the issues faced.

The information will be shared with the participating consortia and published on HE Contracts/Hunter. The latest update is provided below:
