

TELLES SCHOLARSHIP 2023 ENTRY GUIDANCE FOR THE FINANCIAL ASSESSMENT FORM

Once we have received and processed your complete Undergraduate Preparatory Certificate for Science and Engineering (UPCSE) application we will ask you to fill out a financial assessment form.

You will need to complete this form to be eligible for a Telles Scholarship and to be invited to take the entrance tests.

In the form, we will be looking for an honest appraisal of your personal financial situation beyond what you may receive through your scholarship application.

It collects information on several financial factors, including household income information and estimations of other available funds for study. You will have to fill in and upload the relevant evidence as required, as well as your personal details, academic transcripts, reference(s) and your personal statement on the UPCSE application form.

Documents and information that you will need to provide

Please note that you will need to provide information and copies relating to the following:

- Evidence of your/your family's household income of the last year (e.g. bank statements, official tax returns, accounting statements, payslips, savings account(s));
- Information on your family situation (number of dependents, employment statuses, occupation);
- Evidence of any other income you or your family are benefitting or have benefitted from, such as: welfare support, government benefits, scholarships or sponsorships;
- Information on any additional, other than the Telles Scholarship, sources of funding (such as savings, loans, bursaries or other scholarships) you may have secured or intend to apply to for your studies in the UK.

You will be able to add in writing any additional information you consider would support your application and assessment of your financial situation.

The supporting evidence documents do not need to be translated in English.

You can get in touch with us if you have any questions at clie-tellesscholarship@ucl.ac.uk
