

Are you a carer for someone living with dementia?

Could you help with our research into how pharmacists in GP practices can support people with dementia?

Who are we and what is the study about?

We are a team of researchers from University College London

We want to understand how pharmacists based in your doctors surgery are currently supporting people with dementia and their carers and how they can continue to support them in the future

What does it involve?

A single interview lasting no more than one hour, which can be face-to-face, telephone or online

You will be offered a £20 voucher for your time
