50+ Health & Life Consultee Declaration Form

Respondent's Name: _____

The above named person has previously participated in an important research project called the English Longitudinal Study of Ageing (ELSA). ELSA explores the health, lifestyles and financial situation of people as they grow older. We are hoping to revisit everyone who participated previously to conduct an interview to see how their lives have changed or stayed the same.

In accordance with the Mental Capacity Act (2005) we need advice from someone who knows the respondent, this could be next of kin, other relative, a close friend or unpaid carer, to act as a personal consultee and advise on whether the respondent would wish to be involved in the seventh wave of ELSA. If no personal consultee is available we may consult a nominated consultee who knows the participant in a professional capacity.
