

Summary of census questions, 1971-2011

The document lists questions asked on the household and communal establishment forms; not all of these (especially personally identifying questions such as name and address) are included in the LS. The 'household' form includes questions related to both the household, and to individuals within the household. In addition to the household and communal establishment forms, there are also individual forms, which are completed by persons in establishments, and these contain the same questions as those asked of individuals in the household forms.

Please see the data dictionary for a detailed list of variables in the LS, including response categories, and the CeLSIUS website for copies of the forms (from which these question wordings are copied).
