A PLAY BY ROLAND SCHIMMELPFENNIG  
TRANS. BY DAVID TUSHINGHAM

BLOOMSBURY STUDIO

The Animal kingdom is a must be seen, absurdist play for its entertaining, thought provoking, and radical exploration of the boundaries between stage and reality.

During the rehearsals of the play 'The Animal Kingdom', the actors and actresses share their fears, hopes and anxiety about their present and future, and their performance holds the mirror up for their soul.
