Student Competition: One Young World Summit 2018, 17-20 October

How to apply

There are two parts to the application process – it is very important that you complete both, otherwise your application will not be considered.

Part one

Applicants must register for the Summit via the One Young World website and in the drop-down menu, select "attend with a partner organisation", insert UCL2018 as the registration code and then complete their profile.

Part two

Applicants should submit an abstract (of no more than 1,500 words in total) via email to Ilya Tyurin (UCL Global Engagement Office) demonstrating the following:

1. Their previous experience of leadership and commitment to effecting positive change internationally (500 words maximum)
2. How they will disseminate their experience within UCL both during and after the summit (500 words maximum)
3. How they intend to use their experience after they return (500 words maximum)

The deadline for applications is 5pm on Wednesday 18 July 2018.

We will be looking for evidence of the following in applications:

- Commitment to delivering positive change
- Leadership capability
- Concern for local and global issues
- Ability to generate and articulate impactful ideas
- Communication skills, including use of social media and blogging

For more information about the competition, please contact Ilya Tyurin at UCL’s Global Engagement Office.

Additional ways to apply to attend the summit can be found on the One Young World website.
The prize

UCL will pay the One Young World Summit 2018 fees (£3,255) for one UCL student (aged 18-30) as a prize in our competition (that is, UCL has already reserved a place for the winner so they would not need to apply to One Young World for one).

The winner will also be encouraged to apply to be a Delegate Speaker at the summit via the One Young World application process (see the One Young World website for details).

The winner will be asked to post to social media live from the Summit, as well as produce a write up for UCL Global about what they gained from their experience.

The following are included as part of the competition prize:

- Shared accommodation in a twin room
- Travel within the host city including airport transfers
- Full catering
- Access to laptops, desktops and mobile devices

Please note that the competition prize does not include the cost of travel to the host city (such as flights) or any visa cost.
