

Think global, act together

The Global Engagement Office (GEO) helps put UCL's knowledge and ideas to work in the world. We use our expertise to facilitate and strengthen new and existing collaborations, driven by the belief that with the right mix of minds, anything is possible.

GEO supports UCL academics in developing international activities such as research collaboration, student exchanges and raising the profile of their work around the world.

HOW WE CAN HELP

Funding opportunities

GLOBAL ENGAGEMENT FUNDING

HAS HELPED

550

ACADEMICS

ENGAGE WITH

460

ORGANISATIONS

IN

79

COUNTRIES

£760,000

IN FUNDING ALLOCATED

HAS GENERATED

£17.3 MILLION EXTERNAL FUNDING
