Thank you for considering taking part in this research. The person organising the research must explain the project to you before you agree to take part. If you have any questions arising from the Information Sheet or explanation already given to you, please ask the researcher before you decide whether to join in. You will be given a copy of this Consent Form to keep and refer to at any time.

I confirm that I understand that by ticking/initialling each box below I am consenting to this element of the study. I understand that it will be assumed that unticked/initialled boxes means that I DO NOT consent to that part of the study. I understand that by not giving consent for any one element that I may be deemed ineligible for the study.

		Tick Box
1.	*I confirm that I have read and understood the Information Sheet for the above study. I have had an opportunity to consider the information and what will be expected of me. I have also had the opportunity to ask questions which have been answered to my satisfaction and I would like to take part in the behavioural experiment.	
2.	*I consent to participate in the study. I understand that my personal information in the form of data taken during the experiment will be used for the purposes explained to me. I understand that according to data protection legislation, 'public task' will be the lawful basis for processing.	
3.	*I understand that all personal information will remain confidential and that all efforts will be made to ensure I cannot be identified unless there are compelling and legitimate reasons for this to be breached, in which case I would be informed of any decisions that might limit my confidentiality. I understand that where recordings of my face have been made it will not be possible to anonymise this data and that this data will be stored securely in UCL's data safe haven. Summary data provided with any publication will be anonymous and it will not be possible to identify me.	
4.	I understand that my information may be subject to review by responsible individuals from the University for monitoring and audit purposes.	
5.	I understand the potential risks of participating and the support that will be available to me should I become distressed during the course of the research.	
6.	No promise or guarantee of benefits have been made to encourage me to participate.	
7.	I understand that the data will not be made available to any commercial organisations but is solely the responsibility of the researcher(s) undertaking this study.	
8.	I understand that I will not benefit financially from this study or from any possible	

	outcome it may result in in the future.	
9.	I understand that I will be compensated for my time spent in the study, or for the portion of time spent in the study if I choose to withdraw.	
10.	I agree that my non-anonymised research data may be used by others for future research. (Efforts will be made to minimise how identifiable you are in the research data, but it may not be possible to completely anonymise video recordings).	
11.	I understand that the information I have submitted will be published as a report and I wish to receive a copy of it. Yes/No	
12.	I consent to video-recording of my face, and I understand that this data is inherently personal and therefore cannot be anonymised. I also understand that this data will be kept securely in UCL's data safe haven and accessed only by UCL researchers, and other legitimate research collaborators with UCL's permission. Note: If you do not want to be video-recorded you will not be able to take part in the study.	
13.	I consent to samples of my recordings being used for illustration for academic and educational purposes (optional). If you tick this box, your facial image or video recordings could potentially be placed in the public domain, for example if they are used as illustrations of the experiment in scientific lectures and conferences. If you do not tick this box, you may still take part in the study, and your image and video recordings would not be used in this way.	
14.	I hereby confirm that: (a) I understand the exclusion criteria as detailed in the Information Sheet and explained to me by the researcher; and (b) I do not fall under the exclusion criteria.	
15.	I have informed the researcher of any other research in which I am currently involved or have been involved in during the past 12 months.	
16.	I am aware of who I should contact if I wish to lodge a complaint.	
17.	Use of information for this project and beyond I would be happy for the data I provide to be kept securely in UCL's data safe haven. I understand that other authenticated researchers collaborating with UCL will have access to my data stored there.	

If you would like your contact details to be retained so that you can be contacted in the future by UCL researchers who would like to invite you to participate in follow up studies to this project, or in future studies of a similar nature, please tick the appropriate box below.
