

SCRATCH COLOUR SCHEME – PEN COLOURS

- ▶ Be sure you understand the difference between `set pen color to` and `change pen color by`
- ▶ Set pen colour to number...

```
when this sprite clicked
  set pen size to 40
  set pen color to 0
  repeat 4
    row
    set x to -200
    change y by -80
```

```
define row
  repeat 10
    dot
    move 45 steps
    change pen color by 5
```

- ▶ You may use any number between 0 and 200, but note that colours with close numbers are very similar.
