

costume #

this block is a reporter block which reports the sprite's current costume number. When clicked it will show the current costume number in a speech bubble.

this block is a reporter block which adds two values (typed in values or other reporter blocks) and reports the result.

this block is a reporter block which subtracts the second value from the first (typed in values or other reporter blocks) and reports the result.

this block is an operators block, which checks if the value on the left is equal to the value on the right. If they are equal it returns *true* otherwise it returns *false*.
