Hazelkorn – Tuag at 2030 (1)

- Archwiliwyd dyblygu, darpariaeth a bylchau ar draws addysg a hyfforddiant ôl-orfodol yng Nghymru (PCET).
- Argymhelliad allweddol:
 - Datblygu gweledigaeth gyffredinol ar gyfer PCET - cysylltiadau cryfach rhwng polisi addysg, darparwyr a darpariaeth, a nodau cymdeithasol ac economaidd
 - Sefydlu Awdurdod Addysg Trydyddol fel yr awdurdod rheoleiddio
 - Cydraddoldeb parch rhwng llwybrau galwedigaethol ac academiaidd ar gyfer addysg llawn a rhan amser

Hazelkorn – Towards 2030 (1)

- Examined duplication, provision & gaps across post-compulsory education and training in Wales (PCET).
- Key recommendations :
 - Develop overarching vision for PCET - stronger links between education policy, providers and provision, and social and economic goals
 - Establish a Tertiary Education Authority as the single regulatory authority
 - Parity of esteem between vocational and academic pathways for both f/t and p/t

Hazelkorn – Tuag at 2030 (1)

 - Embed social engagement and pursue global competitive education
 - Better balance between supply-led and demand-led
 - Improve data collection and analysis to underpin decision making and public understanding
- Consultation on the way forward closed in autumn 2017

Hazelkorn – Tuag at 2030 (1)

Heriau:

- Ymgynghoriad & trafodaeth ar fanylion o'r Awdurdod Addysg Trydyddol ond dim datblygiad gweledigaethol ar gyfer y sector PCET
- Chweched Dosbarth – A ydy PCET yn meddwl PCET?
- Systemau sicrhau ansawdd ac arolygu
- Ymchwil ac Arloesi mewn Addysg Bellach

Hazelkorn – Towards 2030 (3)

Challenges include:

- Consultation & discussion on detail of Tertiary Education Authority but no developed vision for PCET sector
- School Sixth forms – does PCET mean PCET?
- Quality assurance & inspection systems
- Research and Innovation in Further Education
