

## Inaugural Annual Meeting of the British Neuroendoscopy Society

When: Fri 27<sup>th</sup> Nov 2020

Where: Virtual

Registration: [BNES.uk](http://BNES.uk)

### Programme:

09:00 – 09:30	Registration and coffee
09:30 – 09:45	Welcome – Mr Neil Dorward
09:45 – 10:30	Keynote – Endoscopic clival chordoma surgery <i>Prof David Choi, National Hospital of Neurology and Neurosurgery, London, UK</i>
10:30 – 11:30	Session 1 – Extended endoscopic endonasal approach <i>Chair: Mr Nick Thomas, Kings College Hospital, London, UK</i>
10:30 – 10:40	CSF rhinorrhoea after endonasal intervention to the skull base (CRANIAL) <i>Danyal Khan, National Hospital of Neurology and Neurosurgery</i>
10:40 – 10:50	Persistent nasal morbidity post transsphenoidal surgery – risk factors and management <i>Harsh Bhatt, University Hospital of Wales, Cardiff</i>
10:50 – 11:00	Use of the gasket seal technique for cranial reconstruction after endonasal transsphenoidal skull base surgery - single unit experience <i>Andrea Perera, Royal Sussex County Hospital, Brighton</i>
11:00 – 11:10	The Cruciform Drain: An Adjunct to the Surgical Management of Cystic Lesions of the Sella <i>Ivan Cabrilo, National Hospital of Neurology and Neurosurgery, London</i>
11:10 – 11:20	Safety of endoscopic transsphenoidal pituitary surgery during the Covid-19 pandemic and comparison to the pre-pandemic era. <i>Meriem Amarouche, John Radcliffe Hospital, Oxford</i>
11:20 – 11:30	“Aren’t they just small adults?” – single centre experience in paediatric endoscopic skull base surgery <i>Matthew Crank, Sheffield Children’s Hospital, Sheffield</i>
11:30 – 12:00	Coffee and exhibition
12:00 – 13:00	Session 2 – Ventriculoscopy and transventricular surgery <i>Chair: Mr Thomas Santarius, Addenbrooke’s Hospital, Cambridge, UK</i>
12:00 – 12:15	Telemetric ICP monitoring after neuroendoscopic treatment of hydrocephalus: a valuable tool to recognise treatment failure <i>Mehdi Khan, National Hospital for Neurology and Neurosurgery, London</i>

12:15 – 12:30	Endoscopic management of an atypical pilocytic astrocytoma in an 86 year old patient <i>Mustafa El Sheikh, Kings College Hospital, London</i>
12:30 – 12:45	Neuroendoscopic lavage as a treatment for intraventricular haemorrhage and post-haemorrhagic hydrocephalus in the premature infant: A systematic review of the literature based on the IDEAL framework. <i>Elizabeth Sylva Adeeko and Abbie Tutt, Great Ormond Street Hospital, London</i>
12:45 – 13:00	Endoscopic trans-choroid approach to third ventricular tumours: case series and literature review <i>Asfand Baig Mirza, Kings College Hospital, London</i>
13:00 – 14:00	Lunch and exhibition
14:00 – 15:00	Session 3 – Endoscope-assisted and other novel approaches <i>Chair: Mr Dimitris Paraskevopoulos, Royal London Hospital, London, UK</i>
14:00 – 14:15	Endoscopic Surgery for Sporadic Vestibular Schwannoma Resection: a systematic review of surgical outcomes <i>Sacha Chiuta, Royal Preston Hospital, Preston</i>
14:15 – 14:30	Minimally invasive approach to symptomatic thoracic Arachnoid Cysts - Endoscopic fenestration case reports <i>Cristina Bleil, Kings College Hospital, London</i>
14:30 – 14:45	An “EESI” way forward – the extended endoscopic supracerebellar infratentorial approach <i>Matthew Crank, Sheffield Children’s Hospital, Sheffield</i>
14:45 – 15:00	Fetoscopic repair of open neural tube defects: The UK’s first experience <i>Asfand Baig Mirza, Kings College Hospital, London</i>
15:00 – 15:30	Coffee and exhibition
15:30 – 16:15	Keynote – Neuroendoscopy: Current challenges and future potential <i>Prof Henry Schroeder, University Medicine, Greifswald, Germany</i>
16:15 – 16:45	Roundtable discussion – complications and their avoidance
16:45 – 17:00	Conclusion and Prize-giving <i>Mr Saurabh Sinha, Sheffield Children’s Hospital, Sheffield, UK</i> <i>Mr Adam Williams, Frenchay Hospital, Bristol, UK</i> <i>Mr Ramesh Nair, Charing Cross Hospital, London, UK</i>
