

# London Implantable Brain Computer Interfaces for Clinical Translation (ImpaCT) Network

## Afternoon Meeting

1500-1700 November 7th 2022  
33 Queen Square Lecture Theatre

- |      |            |  |
|------|------------|--|
| 1500 | Welcome    | Andreas Schaefer<br>Professor of Neuroscience<br>The Francis Crick Institute / University College London |
| 1510 | Talk 1     | Ludvic Zrinzo<br>Professor of Functional Neurosurgery<br>University College London                       |
| 1540 | Coffee     |  |
| 1600 | Talk 2     | Anne Vanhoestenbergh<br>Professor of Active Implantable Medical Devices<br>Kings College London          |
| 1630 | Discussion |  |
| 1700 | Close      |  |

**Registration via  
Eventbrite**

## The London ImpaCT Network

A network of neuroscientists, neurologists, neurosurgeons, neuroengineers

*Harnessing neuroscience expertise to drive clinical translation of neurotechnology*

*Hugo.layardhorsfall@ucl.ac.uk*
