

9.30-10.30 Welcome

9.30 Symposium Introduction

9.45 **Genetic analysis of neurodegeneration reveals mechanistic relationships between them**

Professor John Hardy *UCL Dementia Research Institute & Dept. of Neurodegenerative Disease*

10.30 Break

10.45-12.30 Session 1

10.45 **The role of axonal transport dysfunction in neurodegenerative diseases**

Professor Giampietro Schiavo *UCL Institute of Neurology, Dept. of Neuromuscular Diseases*

11.30 Poster Session 1

12.30 Lunch Break

13.00-14.45 Session 2

13.00 **Huntington's disease - trials and tribulations: a section on advice for scientists in training**

Professor Sarah Tabrizi *UCL Huntington's Disease Centre & Dept. of Neurodegenerative Disease*

13.45 Poster Session 2

14.45 Break

15.00-16.45 Session 3

15.00 **Belief updating and psychosis**

Professor Karl Friston: *UCL Institute of Neurology, Wellcome Trust Centre for Neuroimaging, UCL*

15.45 Poster session 3

16.45 Break

17.00-17.30 Finale

17.00 Prize Announcements

17.15 Closing Remarks
