This Page is of the Island of Montserrat, but being drawn down from dimen sion to be relied on, but the boundaries there, the knowledge was such that perhaps the relative position of the several estates and roads, ways &c. are negligently laid down, with a much accuracy as can be expected from an attempt this nature, which at best cannot be expected more than a rough approximation to real accuracy.

Explanation

The small letters u p o n t h e map represent the site of the several estates such as A, B, C &c., which have been long since out of cultivation, as marked with an X and after Prefixed, are only in partial cult. The remainder of the territory, cannot be distinguished, as a separate or distinct area, unless such...
