## 1. Background

Sustainable coexistence of work or study with parent and other caring responsibilities is essential to develop a healthy and efficient academic culture. UCL has identified a college-wide need to improve the consistency of support experienced by staff and students around childcare and caring responsibilities.

In response to this need, a Caring Fund within the MAPS faculty was created during the 2017-2018 year, to enable staff (interpreted broadly as academics, researchers, teaching fellows, professional services technical staff) and PhD students with **caring responsibilities, to attend meetings, conferences, workshops and events outside normal working patterns\***. The Faculty has allocated **£5K** per annum for this purpose.

For the 2022-2023 academic year and as part of the MAPS faculty EDI strategic plan for the 2022 - 2027, we have revised the form and guidelines for this Fund. This will be evaluated annually.

Please, note that applicants having access to grant funding where caring expenses are allowed should use such grant funds in preference to this scheme. Please, see link below. <http://www.ucl.ac.uk/finance/policies-procedures/accordion-expenses/annex-5>

## 2. Eligibility

2.1 In order to be eligible for the MAPS Caring Fund you need to be either a member of staff (academics, researcher assistants, teaching fellows, professional services and technical staff) or a PhD student within the MAPS faculty.

## 3. Procedure

- 3.1. Complete the MAPS Caring Fund application form located in Appendix A and submit it **at least three weeks before the event** to: [maps.caring@ucl.ac.uk](mailto:maps.caring@ucl.ac.uk)
- 3.2. A Faculty-level panel will consider the applications on a “first-come-first-served” basis until the fund is exhausted in a given financial year. The financial year ends on the 31<sup>st</sup> July 2023.
- 3.3. Successful applicants will be notified via email and an account code to which authorised expenditure should be charged will be indicated.
- 3.4. After the expenditure has been incurred, applicants should submit an expense claim form via iExpenses and send receipts to Accounts Payable. Claimants should use the ‘Exceptional Items’ category on iExpenses.
- 3.5. If funding is approved, please complete the feedback form sent to you in the outcome email, within a month of the activity.

## 4. Conditions

- 4.1. For the purposes of this fund, 'Caring' can mean childcare, care of elderly or any other family members or dependants requiring help.
- 4.2. Claims up to £500 will be considered per person, per year. In exceptional circumstances there will be scope for higher awards to be made, at the discretion of the panel. If in doubt submit a request for the higher amount.
- 4.3. If funding is approved, please complete the feedback form sent to you in the outcome email, within a month of the activity.
- 4.4. Childcare or caring responsibility costs may only be claimed in association with work activities undertaken outside of normal working patterns\* (e.g., childcare or eldercare costs while the primary carer attends a conference, training or meeting requiring them to work outside usual contracted hours).

*\*Outside normal working patterns: at present we are not able to consider teaching activities at UCL within timetabled hours as exceptions to a working pattern.*

- 4.5. Some examples of how the grant could be used are: extended hours for a child-minder or a care worker to cover time when arriving home later than normal; babysitter costs; overnight care costs; travel expenses for extended family or friends to come to look after dependants\*; after school activities; clubs or play schemes. This is outside normal working patterns as stated in 4.4.

*\*Currently, due to UCL's expenses policy, spouses, partners and those who already live with you, do not meet the criteria.*

- 4.6. There must be an auditable record such as conference attendance confirmation and receipts for the cost of the childcare or caring responsibility. These must be submitted in order for the claim to be processed. Applicants are advised to submit their claims with receipts as soon as possible once expenditure has been incurred.
- 4.7. Grants will be made on a "first-come-first-served" basis until the fund is exhausted in a given financial year. The fund can cover any caring responsibility until the 31<sup>st</sup> July 2023. Any caring responsibilities past this date will be able to apply for the next 2023-2024 Caring Fund, where the claim limit will reset to £500 per person, per year.
- 4.8. The allocation of awards will be decided by a small Faculty panel chaired by the MAPS Vice-Dean (EDI). Priority will be given to applicants without alternative access to funds.
- 4.9. In the event of cancellation or non-attendance applicants should notify the Faculty Office ASAP ([maps.caring@ucl.ac.uk](mailto:maps.caring@ucl.ac.uk)) so that the funds can be redistributed.
- 4.10. The Fund and its conditions will be reviewed by the beginning of the academic year 2023-2024.
