### 2019-20

**Report date:** 31 March 2020  
**Start date:** 24 February 2020  
**Stop date:** 22 March 2020  
**Number of invitees:** 104  
**Number of responses:** 28  
**Invitee response rate:** 27%

Student Satisfaction %	Description
75%-100%	Provides high quality educational experiences over time with action plans in place for minor problems.
40%-<75%	Provides some quality experiences, but overall below the expected standard.
0%-<40%	Consistently below the expected standard. Requires significant improvement.

**Please note:** Overall satisfaction is calculated using the number of 'positive responses' received per site. A positive response is a rating of 'Above average', 'Good' or 'Excellent' on the Likert scale.
