

Linguistics Modules - Module Information Sheet

2018/19

1. General information

Module Code	PLIN0070	Title	Advanced Phonological Theory B				Credits	15	
Module Tutor	Andrew Nevins		Contact	a.nevins@ucl.ac.uk					
Other tutor(s)									
Module available at the following levels									
Level 4 UG		Level 5 UG		Level 6 UG	X	Level 7 UG		Level 7 PG	X
Module description									
The module is designed to cover advanced issues in phonological theory, including recent developments. This year's theme is English phonology, with the focus on present-day accent differences and the historical changes that lie behind them. The phenomena to be explored centre around the interaction between segmental phonology on the one hand and prosodic and morphological structure on the other.									
Prerequisites	Familiarity with intermediate-level phonology (e.g. PLIN2108 and PLIN2109) and general phonetics.								
Timetable	https://timetable.ucl.ac.uk/tt/moduleTimet.do?firstReg=Y&moduleId=PLIN0070								
Week by week summary									
Information for students on other programmes and Affiliate/intercollegiate students:									
If you want to take this module, you should select it on Portico as usual. Any general queries about taking the module can be addressed to Alexa Richardson: enquiries-linguistics@pals.ucl.ac.uk.									

2. Teaching

Teaching methods and tutorial/lab arrangements							
Two hours of lecture per week; one hour of backup per week.							
Communication							
Students should communicate via the Moodle discussion board (for general class-related discussion) or by email (for in-person appointments). Response time will generally be within 24 hours (particularly during the work week), but may be up to three business days.							
Workload							
Students are expected to spend at least 8 hours per week (outside of class time) working on material related to this module (e.g., reading, critical thinking, etc.).							
Core texts							
Libraries and other resources							
Links and/or PDFs will be provided on Moodle for readings.							
Additional information							
Please refer to the 'Assessment tab' on the module Moodle page for assessment submission dates.							
Method of assessment for undergraduate students:							
<ul style="list-style-type: none"> One essay of 4000 words, worth 100% of the final mark due 23 April 2019 							
Word count to include title, tables and footnotes							
Figures, appendices, and bibliography are excluded from the word count							
<ul style="list-style-type: none"> Individual essay topics/titles to be agreed with the lecturer <i>by 19 March 2019 at the latest (you are encouraged to do this earlier).</i> 							

- Students must submit a 500 word outline so feedback can be given before submitting the full essay. The outline will not count towards your final mark directly but will help you in writing a better paper.
- All coursework is submitted via Moodle.
- Students are expected to have familiarised themselves with the plagiarism guidelines on the Moodle page for this module.

Method of assessment for Postgraduate students:

- One essay of 3000 words, worth 100% of the final mark, due 23 April 2019

Word count to include title, tables and footnotes

Figures, appendices, and bibliography are excluded from the word count

- Individual essay topics/titles to be agreed with the lecturer *by 19 March 2019 at the latest (you are encouraged to do this earlier)*.
- Students must submit a 500 word outline so feedback can be given before submitting the full essay. The outline will not count towards your final mark directly but will help you in writing a better paper.
- All coursework is submitted via Moodle.
- Students are expected to have familiarised themselves with the plagiarism guidelines on the Moodle page for this module.

Late work and extenuating circumstances

Any requests for extensions to deadlines, or for extenuating circumstances to be taken into consideration by examiners, should be made by completing the relevant form. Instructions are available on the Moodle page for this module, under the Assessment tab. No extensions or special consideration can be given outside of this process, and there is a grading penalty for late submission of coursework. Again, information about this policy can be found on the course Moodle page, under the 'Assessment' tab.

Recording

Lectures for this module are recorded via the UCL Lecturecast system, and a link to recordings will be made available via the Moodle page for this module. Please note that recordings can fail for a number of reasons.

3. Assessment

<i>Level 4/5/6 undergraduate</i>		
Mode of assessment	Weight	Format
Exam (include duration)		
Coursework (include word count)	100% (4000 words)	Essay
(Add more if needed)		
(Add more if needed)		
<i>Other assessment information</i>		

<i>Level 7 postgraduate</i>		
Mode of assessment	Weight	Format
Exam		
Coursework	100% (3000 words)	Essay
(Add more if needed)		
(Add more if needed)		
<i>Other assessment information</i>		

4. Types of feedback

Types of feedback students on this module can expect to receive	This type of feedback is provided (X)
Generic tutor feedback	
Oral feedback is given to the whole class (eg this may be about coursework, an in-class or online task)	X
Electronic feedback to the whole group (eg see oral feedback above)	
Printed feedback to the whole group (eg answers to an exercise done in class, feedback relating to general performance on coursework or a task etc)	
Coverage of topics in class which have been raised by members of the class (eg in areas where students ask for clarification/elaboration, these topics are addressed in class)	X
Electronic responses to the whole group via the VLE or via email (eg sending replies to individual queries to the whole group)	X
<i>Other generic tutor feedback (please give details)</i>	
Automated feedback	
Tests / quizzes within VLE These are tests which do not count towards the module mark, but serve to inform students of how well they are understanding materials taught.	
Personal Response Systems used within class (eg to test that students understand a concept, to survey which topics students would like elaborated)	
<i>Other automated feedback (please give details)</i>	
Specific, targeted tutor feedback	
Oral responses within class (eg demonstrators talking to students in lab, stats and computing classes)	X
Oral responses outside class (eg students are invited to telephone or meet with module staff with individual queries regarding topics taught)	X
Electronic responses to queries from individual students are provided (as above)	X
Summative comments on coursework (eg handwritten feedback at the end of a written assessment which counts towards the module mark)	X
On-script comments in the body of individual summative coursework	X
Indication of achievement against set marking criteria (eg for an individual essay or a lab report)	
Feedback using a standard feedback form (eg essay feedback form or lab marking forms)	
Oral feedback on coursework talking to individual students about their coursework on the phone or in person, this could be summative points or specific comments on parts of the essay / lab report / project	X
Electronic feedback on coursework This could be via email or on a VLE (eg using Gradebook on Moodle)	X
<i>Other specific, targeted tutor feedback (please give details)</i>	
Feedback from people other than module staff	
Peer feedback: fellow students commenting on/marking each other's work, or working together on a task (eg group work providing students with feedback on their ideas/understanding)	
Self-feedback (eg students evaluating their own coursework, worksheet answers, etc)	
Feedback from seminar tutors Students may receive feedback on their understanding of topics/answers to queries/feedback on coursework from their tutor (eg poster, Research Project presentations etc)	
<i>Other feedback from those not teaching module (please give details)</i>	
Feedback related to examinations	
A mock examination is given to help students prepare for the final exam	
Marks for the previous year provided online , with a breakdown of marks for individual questions	
Samples of real student work , such as coursework, exam essays, and projects from previous students on the module.	
<i>Other exam-related feedback (please give details)</i>	

5. Specific transferable skills (categorised into skill areas)

Transferable students on this module can expect to develop	
Academic	
Learning Actively - Able to approach learning as an active agent, taking responsibility for the process and outcomes	X
Analysing Data - Able to filter and organise information to develop an argument and work toward a conclusion, applying numerical analysis where appropriate	X
Thinking Critically - Able to consider claims made against the evidence available and to develop one's own view systematically	X
Using Sources - Able to locate and use appropriate books, journals, websites and other sources to gather relevant data	X
Solving Problems - Able to use systematic approaches to overcome difficulties in producing a desired outcome	X
Managing Projects - Able to plan a coordinated set of tasks and enact over time to produce a substantial result	X
Self-management	
Reflecting on Learning - Able to review dispassionately one's approaches to learning and the outcomes and progressively improve the process.	
Managing Time - Able to prioritise tasks and commitments to achieve optimum results in a designated timeframe	X
Being Creative / Innovative - Able to generate and apply original approaches to tasks and problems and produce improved outcomes	X
Assessing Oneself - Able to identify one's own strengths, weaknesses, progress made and action needed to improve effectiveness	
Being Independent - Able to work at own initiative with minimal supervision, taking responsibility for action and outcomes	X
Managing Resources - Able to allocate and conserve funds and other resources on a day to day basis and to support projects	
Communication	
Writing - Able to communicate in textual forms (essays, reports, journal entries, web pages etc.) in an appropriate style with a clear narrative flow	X
Listening - Able to hear and appreciate the content, background and purpose of what someone else is communicating to you	X
Using Information Technology - Able to use digital technology for managing information and to mediate communication for learning and other purposes	
Presenting - Able to speak to an audience, using visual aids as appropriate and respond to questions	
Communicating globally - Able to understand and manage factors affecting communication across cultures, including learning other languages	
Planning and making decisions - Able to identify steps needed to work towards goals and communicate them, including means of monitoring progress	X
Working with others	
Working in teams - Able to co-operate with others, to contribute your strengths and learn from theirs with a common purpose	
Negotiating - Able to respect the needs and interests of others when they differ from your own and to find common ground	
Leading - Able to galvanise a team into cooperative action, to manage, guide or facilitate a group to maximise success	
Understanding others - Able to recognise the variety of ways in which people can think and approach tasks, adjusting your own to suit	
Assessing self and peers - Able to assess your own performance objectively and to give and receive constructive feedback with others	
Managing change - Able to adapt to changing circumstances and maintain focus on the group's declared goals	
Other transferable skills developed in this module
