<https://twitter.com/PsychedelicUNIT>  
ORCID: <https://orcid.org/0000-0002-5503-764X>

### Education

- 2007 Ph.D.  
Program in Cognition and Cognitive Neuroscience  
Department of Psychology  
The University of Chicago
- 1998 B.A.  
Department of Philosophy and Religion and Department of Psychology  
University of North Carolina, Wilmington

### Professional Experience

- 2016 - Present Associate Professor in the Neurobiology of Language and Consciousness  
Departmental Graduate Tutor  
Division of Psychology and Language Sciences  
Experimental Psychology  
University College London
- 2017 - 2018 Visiting Scholar  
Psychology of Language Department  
Max Planck Institute for Psycholinguistics, Nijmegen
- 2013 - 2016 Assistant Professor in Multimodal Communication  
Division of Psychology and Language Sciences  
Experimental Psychology  
University College London
- 2013 - 2014 Lecturer in the Department of Psychology and Human Development  
Vanderbilt University
- 2010 - 2013 Assistant Professor of Psychology and Program in Neuroscience  
Hamilton College
- 2007 - 2010 Postdoctoral fellow of psychology in psychiatry, Drs. BJ Casey, Bruce McCandliss, & Jason Zevin  
Sackler Institute for Developmental Psychobiology  
Weill Medical College of Cornell University
- 2006 - 2007 Postdoctoral fellow in psychology, Human Interaction Laboratory, Dr. Natalie Sebanz  
Rutgers University

2000 - 2001 Software Developer and Research Assistant, Dr. Steven L. Small  
Department of Neurology, The University of Chicago

1996 - 1998 Research Assistant, Dr. Dale Cohen  
Department of Psychology, University of North Carolina, Wilmington

### Research Support and Awards

2022 - PI, **Mitacs Globalink Research Award - UK Research and Innovation (UKRI)**, 'Modeling Protein-Ligand Cryo-EM Structures with Neural Network Potentials', Carleton University, Ottawa, Canada  
Value: £10,365

2021 - 2022 PI, **UCL's Global Engagement Fund**, 'Neurobiological biomarkers of improved wellbeing and mental health following psychedelics assisted psychotherapy', São Paulo, Brazil  
Value: £5,000

2021 - 2025 The London Interdisciplinary Biosciences Consortium BBSRC funded Doctoral Training Partnership (**LIDO-DTP**), 'Understanding Neuroplasticity Induced by TrYptamines (UNITY)', Awarded PhD Studentship  
Value: £89,000

2021 - 2025 **UCL PALS** Career Development Student/Demonstrator, Awarded PhD Studentship  
Value: £74,000

2018 - 2022 The London Interdisciplinary Biosciences Consortium BBSRC funded Doctoral Training Partnership (**LIDO-DTP**), 'Putting Humpty together again: Decoding brain networks during real-world processing', Awarded PhD Studentship  
Value: £89,000

2018 - 2022 UCL Engineering and Physical Sciences Research Council Doctoral Training Partnership (**EPSRC-DTP**), Awarded PhD Studentship  
Value: £74,000

2017 - 2022 Co-I/Team Member on G. Vigliocco's **ERC Advanced** - ECOLANG - 'Ecological Language: A multimodal approach to language and the brain'  
Value: £1,555,000

2017 - 2019 Sponser of Dr Dyutiman Mukhopadhyay's **Newton International Fellowship** - 'CEE-through-Film: A neurobehavioural paradigm to test culture-appraisal-interaction model of emotion'  
Value: £66,000

2016 - 2018 PI, **UCL's Global Engagement Fund**, 'Predicting whether people are thinking about objects or events', University of California, San Diego, USA  
Value: £3,450

2015 - 2019 PI on **EPSRC** EP/M026965/1 - 'New pathways to hearing: A multisensory noise reducing and palate based sensory substitution device for speech perception'  
Value: £700,744

2015 - 2017 PI on **UCL** IBME-UCLH BRC Neurosciences MTC: Personal mobile sensors and technology in neuroscience Flagship Project  
Value: £6,000

2011 - 2014 PI on **NSF** MRI BCS-1126549 'MRI: Acquisition of Neuroimaging Equipment For Acquiring 4-Dimensional Brain Data From Real-World Stimuli'  
Value: \$217,282

2009 - 2014	PI on <b>NIH</b> NICHD K99/R00 HD060307 - 'Neurobiology of Speech Perception in Real-World Contexts' Value: \$160,350 during K99 training phase Value: \$747,000 during R00 independent phase
2006	Graduate Students Present Award, Cognitive Neuroscience Society
2005	Travel Award, Organization for Human Brain Mapping, partially funded by an R13 from the NIH-NIMH
2003 - 2004	Research grant from the Psychology Graduate Student Organization Travel and Research Committee
1996 - 1998	Chancellor's Achievement Award

### **Publications, Peer Reviewed**

2022	Kirk, P. A., Robinson, O. J., & <b>Skipper, J. I.</b> (2022). Anxiety and amygdala connectivity during movie-watching. <i>Neuropsychologia</i> , 169, 108194. Shen, X., Aliko, S., Han, Y., <b>Skipper, J. I.</b> , & Peng, C. (2022). Finding Core-Periphery Structures With Node Influences. <i>IEEE Transactions on Network Science and Engineering</i> , 9(2), 875–887. <b>Skipper, J. I.</b> (2022). A voice without a mouth no more: The neurobiology of language and consciousness. <i>Neuroscience and Biobehavioral Reviews</i> , 140, 104772. <b>Skipper, J. I.</b> , Aliko, S., Brown, S., Jo, Y. J., Lo, S., Molimpakis, E., & Lametti, D. R. (2022). Reorganization of the Neurobiology of Language After Sentence Overlearning. <i>Cerebral Cortex</i> , 32(11), 2447–2468. Ting, C.-M., <b>Skipper, J. I.</b> , Noman, F., Small, S. L., & Ombao, H. (2022). ### **Publications, Preprints**

- 2022 Kewenig, V., Vigliocco, G., & **Skipper, J. I.** (2022). When abstract becomes concrete: naturalistic encoding of concepts in the brain. In *bioRxiv* (p. 2022.09.08.506944). <https://doi.org/10.1101/2022.09.08.506944>

Meliss, S., Murayama, K., **Skipper, J. I.**, & Martin, C. P. (2022). The Magic, Memory, and Curiosity fMRI Dataset of People Viewing Magic Tricks. <https://doi.org/10.31234/osf.io/zq7gv>

2017

**Skipper, J. I.**, & Hasson, U. (2017). A core speech circuit between primary motor, somatosensory, and auditory cortex: evidence from connectivity and genetic descriptions. In *bioRxiv* (p. 139550). <https://doi.org/10.1101/139550>

**Skipper, J. I.**, & Zevin, J. D. (2017). Brain reorganization in anticipation of predictable words. In *bioRxiv* (p. 101113). <https://doi.org/10.1101/101113>

## Invited Talks

2023

The neurobiology of language in naturalistic contexts and its relationship to mental health and well-being, Naturalistic Functional Mapping of the Human Brain: Clinical Applications from Neurology to Psychiatry Symposium, **Society for Neuroscience**, Washington, D.C., USA.

The role of the motor system in predicting speech during language comprehension, Prediction in Language, **LingCologne**, Cologne Center of Language Sciences (CCLS), University of Cologne, Cologne, Germany.

The role of the neurobiology of language in consciousness, **Mind and Matter: Conversations Across Disciplines**, University of Helsinki and the Academy of Finland, Helsinki, Finland.

2022

The neurobiology of language mediates alterations in conscious experience induced by psychedelic drugs. **14th Annual Society for the Neurobiology of Language Conference**, Philadelphia, Pennsylvania, USA. (Presented by R. Harle)

Understanding Neuroplasticity Induced by Tryptamines, **Drug Science, Medical Psychedelics Working Group**, Academy of Medical Sciences, London, UK. (Presented by G. Cooper)

When abstract becomes concrete: the neurobiology of conceptual processing in the real world. **14th Annual Society for the Neurobiology of Language Conference**, Philadelphia, Pennsylvania, USA. (Presented by V. Kewenig)

2021

Aphantasia and its relationship to the neurobiology of language, inner speech, and consciousness, **Aphantasia Network and the Extreme Imagination conference**, Virtual/International.

2020

How and why do auditory and motor systems interact? **Coghear**, Google and Stanford University, USA.

Speech perception under the tent: A domain-general predictive role for the cerebellum, **Western University, Canada and University of California, Berkeley**, USA.

2018

A core speech circuit between primary motor, somatosensory, and auditory cortex: Evidence from connectivity and genetic descriptions, SCALab, **Perceptuo-motor relationships in speech communication Workshop**, University of Geneva, Geneva, Switzerland.

Brain reorganization in anticipation of predictable words, **1st Workshop on Predictive Processing, Symposium on 'Prediction, Language and the Motor System'**, San Sebastián, Spain.

Do fictional monster reflect our reality?, **The Royal Institution of Great Britain**, London, UK.

Is there a fixed organization of language and the brain?, New directions in language and action research: Implications for theory and treatment, **University College London and the Moss Rehabilitation Research Institute (MRR)**, London, UK.

2017

A core speech circuit between primary motor, somatosensory, and auditory cortex: Evidence from connectivity and genetic descriptions, SCALab, **Université de Lille**, Lille, France.

A speech core: Evidence from structural and functional corticocortical connectivity and genetic phenotyping, Center for Research in Language, **University of California San Diego**, California, USA

Complexity matters only when it matters: Pronominal object and event reference rapidly access different aspects of situation models, **Architectures and Mechanisms of Language Processing (AMLaP)**, Lancaster, UK.

**Language and Big Data Workshop**, Universität Stuttgart, Stuttgart, Germany.

Languages' transmogrifier: How motor cortex helps us hear, Department of Psychology, School of Life Sciences, **University of Hull**, Hull, UK

Moss Science Hour, **Moss Rehabilitation Research Institute**, Pennsylvania, USA.

Neuroscience and Film, **New Approaches to Latin American Film Colloquium**, University College London, London, UK.

Primary motor and auditory cortex form a structurally and functionally connected circuit for speech, **Institute of Cognitive Neuroscience Seminar**, University College London, London, UK.

Understanding the network organization of communication and the brain using TV and film, **International Convention of Psychological Science (ICPS)**, Vienna, Austria.

2016 Do inconsistencies between UCL's environmental policy and actions influence intentions to engage in pro-environmental behaviours?, **Conference Day on Sustainability: Systemic Change from the Individual to the Globe**, UCLU Green Economy Society, University College London, London, UK.

2015 Context is all: There is no fixed organization of language and the brain, **EuroAsianPacific Joint Conference on Cognitive Science**, Towards a Neurobiology of Language Symposium, Turin, Italy.

Context is all: There is no fixed organization of language and the brain. Language in Context: An Ecological Turn in Embodied Language, **European Psychological Society Workshop**, London, UK.

Echoes of the spoken past: How the brain 'hears' context during spoken language comprehension, Neuroscience Seminar Series, Department of Experimental Psychology, **University of Oxford**, Oxford, UK.

Echoes of the spoken past: How the brain 'hears' nonverbal context during spoken language comprehension. 'The Social Life of Voices' symposium, **British Neuroscience Association, Festival of Neuroscience**, Edinburgh, UK.

**Big questions in cognitive science workshop**. Boulder, Colorado, USA.

Interdisciplinary language research from a cognitive neuroscience perspective. **Reappraising the role of linear structure in language workshop**. Lorentz Center, Leiden, Netherlands.

The natural organization of language and the brain. The School of Psychology, **University of Kent**, Canterbury, UK.

Towards a neurobiology of conversation: Social interactive alignment as context for language understanding. Language Group, **Wellcome Trust Centre For Neuroimaging**, University College London, UK.

Towards a neurobiology of natural language use. **Centre for Educational Neuroscience**, Birkbeck, Institute of Education, and University College London, UK.

2014 'And an echo murmured back the word': How the brain constructs the speech we hear. **Cognitive, Perceptual and Brain Sciences Seminar**, University College London, London, UK.

Echoes of the Spoken Past: Why real-world speech perception is not all that auditory to the brain. 'A neurobiology of naturalistic language use?' Symposium Session at the **Sixth Annual Society for the Neurobiology of Language Conference (SNL2014)**, Amsterdam, Netherlands.

- 2013 How heard speech is a multimodal construction of the brain and what this tells us about signed languages. **DCAL: Deafness Cognition And Language Research Centre**, University College London, London, UK.  
Understanding the natural organization of language and the brain, **Autumn school Methods in Language Comprehension**, University of Trento, Rovereto, Italy.
- 2012 Hearing lips and... hands, smiles and print too: How listening to words in the wild is not all that auditory to the brain, **University College London**, Division Of Psychology And Language Sciences, London, UK.
- 2011 Lending a helping hand to hearing: How the brain extracts information from nonverbal movements to improve learning, Embodied Learning Symposium, **Marlboro College**, Marlboro, Vermont, USA.
- 2010 Co-speech gestures facilitate language comprehension by reducing subsequent reliance on brain regions associated with early sensory processing, **4th Conference of the International Society for Gesture Studies (ISGS)**, Frankfurt, Germany.  
The how and why of gesture in the brain, Workshop on the Neuroscience of Gesturing, Max Planck Institute for Human Cognitive and Brain Sciences, Leipzig, Germany  
The new organization of language and the brain, Consolider CogNeuro Seminar Series, University of Barcelona and Universitat Pompeu Fabra, Barcellona, Spain  
The new organization of language and the brain, Science Colloquium Series, Division of Natural Sciences and Mathematics, **Colgate University**, Hamilton, NY, USA.
- 2009 Context and the role of the predictive brain in real-world communication, Department of Cognitive Science, **University of California, San Diego**, La Jolla, CA, USA.  
So you think your brain is smarter than a 5th grader?, **Annual Winter Conference on Current Issues in Developmental Psychobiology**, St. Croix, Virgin Islands, USA.  
The neurobiology of communication in natural settings, The Department of Psychology Colloquium, **Cornell University**, Ithaca, New York, USA.  
The role of context and the predictive brain during real-world communication, Center for the Study of Brain, Mind, and Behavior (CSBMB), **Princeton University**, Princeton, NY, USA.
- 2008 Improving the analysis, storage and sharing of neuroimaging data using R, MySQL, and distributed computing, Sackler Science Meeting, **Weill Medical College of Cornell University**, New York, NY, USA.  
Lending a helping hand to hearing: Speech associated gestures and the relationship between Broca's area, the cortical motor system, and the mirror system, Gesture Focus Group, **Stony Brook University**, Stony Brook, NY, USA.  
Two scientists and a cup: How the brain keeps track of each actor during joint action, Cognitive Brown Bag Series, Department of Psychological and Brain Sciences, **Dartmouth College**, Hanover, NH, USA.
- 2007 Gestures in the brain's language, **International Society for Gesture Studies**, panel on Neurocognition of gesture, Chicago, IL, USA.
- 2006 Gestures in the brain's language, Fall Psychology Colloquium Series, **Rutgers University**, Newark, New Jersey, USA.  
Hearing lips and seeing voices: How cortical areas supporting speech production mediate audiovisual speech perception, **Haskins Laboratories**, New Haven, Connecticut, USA.  
Lending a helping hand to hearing: The role of the cortical motor system in face-to-face communication, Embodied Communication, Joint Action, Social Understanding workshop, **ZiF, Universitat Bielefeld**, Bielefeld, Germany.

Speech associated gestures and the relationship between Broca's area and the language mirror system, **Architecture of Language**, Pisa, Italy.

The cortical motor system simulates action descriptions conveyed by words and gestures, **Annual Meeting of the Cognitive Neuroscience Society**, San Francisco, CA, USA.

- 2005 Lending a helping hand to hearing: The role of the cortical motor system in face-to-face communication, Cognitive Brown Bag in Psychology, **The University of Chicago**, Chicago, IL, USA.  
Face to face social interaction and inferior frontal processing, **Annual Meeting of the Midwestern Psychological Association**, Chicago, IL, USA.  
Hearing lips: speech perception and a frontal neural system for motor simulation, **Annual University of Chicago/Northwestern University Psychology Graduate Students Symposium**, Chicago, IL, USA.
- 2004 Your brain says what it sees: motor mechanisms of audiovisual speech perception, Brain Research Imaging Center Roundtable, **The University of Chicago**, Chicago, IL, USA.
- 2003 Differences between audio and audiovisual language comprehension, Brain Research Imaging Center Roundtable, **The University of Chicago**, Chicago, IL, USA.
- 2002 Hearing lips and seeing voices: from audiovisual speech to audiovisual neurons, Brain Research Imaging Center Roundtable, **The University of Chicago**, Chicago, IL, USA.
- 2001 A tale of two hemispheres: an fMRI investigation of variable asymmetry in discourse processing, Brain Research Imaging Center Roundtable, **The University of Chicago**, Chicago, IL, USA.

## Published Abstracts

- 2023 Blackburne, G., McAlpine, R. G., Kamboj, S., Das, R., & **Skipper, J. I.** (2023). Computational reconstruction of psychedelic experience dynamics. Paper presented at the 26th annual meeting of the Association for the Scientific Study of Consciousness, New York, NY, USA.
- Cooper, G., Blackburne, G., Das, R. K., & **Skipper, J. I.** (2023). The brain's sensory regions receive prior cortical information over the longest timescales. Paper presented at the 29th Annual Meeting of the Organization for Human Brain Mapping, Montréal, Canada.
- Delgado, V. S. A., Cooper, G., Ma, Y., & **Skipper, J. I.** (2023). Does the neurobiology of language mediate LSD-induced changes in higher-order consciousness?. Paper presented at the 26th annual meeting of the Association for the Scientific Study of Consciousness, New York, NY, USA.
- Glotfelty, A., Aliko, S., Wang, B., **Skipper, J. I.**, & Small, S. L. (2023). Brain Organization of Context-Contingent Emotional Language. Paper presented at the 29th Annual Meeting of the Organization for Human Brain Mapping, Montréal, Canada.
- Jaglinska, M., Cooper, G., & **Skipper, J. I.** (2023). Time Tripping: Reductions in asynchronous neural communication supports changes in consciousness induced by LSD. Paper presented at the 26th annual meeting of the Association for the Scientific Study of Consciousness, New York, NY, USA.
- Piot, A. C., Bouso, J. C., de Araujo, D., Riba, J., & **Skipper, J. I.** (2023). Repeated ayahuasca use increases structural covariance in networks associated with 'self' consciousness. Paper presented at the 26th annual meeting of the Association for the Scientific Study of Consciousness, New York, NY, USA.
- Piot, A. C., Bouso, J. C., de Araujo, D., Riba, J., & **Skipper, J. I.** (2023). Repeated ayahuasca use increases structural covariance in networks associated with 'self' processing. Paper presented at the 29th Annual Meeting of the Organization for Human Brain Mapping, Montréal, Canada.

2022

Blackburne, G., Cooper, G., & **Skipper, J. I.** (2022). Propofol disrupts asynchronous functional connectivity architectures in the human brain that are associated with the processing of complex stimuli. Paper presented at the 25th annual meeting of the Association for the Scientific Study of Consciousness, Amsterdam, The Netherlands.

Cooper, G., Blackburne, G., & **Skipper, J. I.** (2022). Cortical feedback over long delays into auditory cortices supports real-world language processing. Paper presented at the 14th Annual Society for the Neurobiology of Language Conference (SNL2022), Philadelphia, Pennsylvania, USA.

Glotfelty, A., Aliko, S., Wang, B., Small, S. L., & **Skipper, J. I.** (2022). Emotional processing of taboo words in naturalistic stimuli. Paper presented at the 14th Annual Society for the Neurobiology of Language Conference (SNL2022), Philadelphia, Pennsylvania, USA.

Harle, R., Glennon, M., Blackburne, G., Cooper, G., & **Skipper, J. I.** (2022). The neurobiology of language mediates alterations in conscious experience induced by psychedelic drugs. Paper presented at the 14th Annual Society for the Neurobiology of Language Conference (SNL2022), Philadelphia, Pennsylvania, USA.

Kewenig, V., Vigliocco, G., **Skipper, J. I.** (2022). When abstract becomes concrete: the neurobiology of conceptual processing in the real world. Paper presented at the 14th Annual Society for the Neurobiology of Language Conference (SNL2022), Philadelphia, Pennsylvania, USA.

Kirk, P. A., Holmes, A. J., **Skipper, J. I.**, & Robinson, O. J. (2022). Can Naturalistic fMRI Widen Our Understanding of Anxiety? Paper presented at The Organization for Human Brain Mapping (OHBM), Glasgow, Scotland.

Lametti, D. R., Vaillancourt, G., & **Skipper, J. I.** (2022). Visuomotor adaptation of co-speech hand movements is partially tied to speech production. Paper presented at The Canadian Society for Brain, Behaviour and Cognitive Science (CSBBBCS), Halifax, Canada.

Wang, B., Aliko, S., & **Skipper, J. I.** (2022). Dynamic, multi-core-periphery architectures support the neurobiology of language in the real-world. Paper presented at the 14th Annual Society for the Neurobiology of Language Conference (SNL2022), Philadelphia, Pennsylvania, USA.

Wang, B., Aliko, S., & **Skipper, J. I.** (2022). 'Language regions' are artifacts of averaging. Paper presented at the 14th Annual Society for the Neurobiology of Language Conference (SNL2022), Philadelphia, Pennsylvania, USA.

Yeh, Y. J., Muraz, M., Beltran, N., & **Skipper, J. I.** (2022). The neurobiology of processing multiple emotional cues during language comprehension. Paper presented at the 14th Annual Society for the Neurobiology of Language Conference (SNL2022), Philadelphia, Pennsylvania, USA.

2021

Glotfelty, A., **Skipper, J. I.**, Aliko, S., & Small, S. L. (2021). Unique features of brain processing of expletives in naturalistic context. Paper presented at the 13th Annual Society for the Neurobiology of Language Conference (SNL2021), Virtual, International.

Wang, B., Aliko, S., & **Skipper, J. I.** (2021). Co-speech gestures impact the whole-brain distribution of brain regions involved in the semantic representation of words. Paper presented at the Society for Neuroscience, Chicago, Illinois, USA.

2019

Aliko, S., Gheorghiu, F., & **Skipper, J. I.** (2019). The network architecture for natural language in the brain is not fixed. Paper presented at the 11th Annual Society for the Neurobiology of Language Conference (SNL2019), Helsinki, Finland.

Lamett, D. R., Bobbit, S., & **Skipper, J. I.** (2019). Distinct Speech Production and Speech Perception Regions in the Human Cerebellum: A Neuroimaging Meta-Analysis. Paper presented at the 11th Annual Society for the Neurobiology of Language Conference (SNL2019), Helsinki, Finland.

## Open-Science

2023 **The Magic, Memory, and Curiosity fMRI Dataset of People Viewing Magic Tricks**  
<https://openneuro.org/datasets/ds004182/>

2020 **The Naturalistic Neuroimaging Database (NNDb)**  
N=86 participants watching one of 10 full-length movies during functional magnetic resonance imaging. It has been downloaded >450 times and viewed >52,000 times (assessed January, 2023):  
<https://openneuro.org/datasets/ds002837/>

It is available for online (re-)analysis on the *Brainlife* and *NeuroScout* platforms:

<https://brainlife.io/>

<https://neuroscout.org/>

Analysis code available at:

<https://github.com/lab-lab/nndb>

2018 **Neurobiology of Language**  
Co-Founded the fully open access *Neurobiology of Language* journal at *MIT Press* and remain the Senior Editor for Innovation:  
<https://direct.mit.edu/nol>

## Workshops

2016 Co-organizer of **Sensorimotor Speech Processing Symposium**, Communication & Cognition Research Group, Department of Experimental Psychology, University of Oxford, London, UK.  
External Discussants for **Events in Language and Cognition**, in conjunction with the 29th Annual CUNY Conference on Human Sentence Processing, hosted by the University of Florida, Gainesville, FL, USA.

2015 Co-organizer of **Language in context: An ecological turn in embodied language** workshop sponsored by the Experimental Psychology Society (EPS), London, UK.

## **Supervision, PhD, Primary**

2022-Present	Joanna Kuc, Computing Career Development Studentship, Experimental Psychology, UCL, UK
2021-Present	Agathe Fauchille, 1st Year Labs Career Development Studentship, Experimental Psychology, UCL, UK Regan Harle, Interdisciplinary Doctoral Programme (LIDo) Studentship from the Biotechnology and Biological Sciences Research Council (BBSRC), Experimental Psychology, UCL, UK Winne Yi Jou Ye, Experimental Psychology, UCL, UK
2018-2022	Sarah Aliko, Interdisciplinary Doctoral Programme (LIDo) Studentship from the Biotechnology and Biological Sciences Research Council (BBSRC), Experimental Psychology, UCL, UK

## **Supervision, PhD, Secondary**

2023-Present	Bangjie Wang, School of Behavioral and Brain Sciences, University of Texas, Dallas, USA
2022-Present	Rebecca Harding, Clinical, Educational and Health Psychology, UCL, UK
2021-Present	Isobel Chick, Brain Research UK studentship, UCL, UK Marcus Glennon, The UCL, Bloomsbury and East London (UBEL), Economic and Social Research Council (ESRC)funded studentship, Clinical, Educational and Health Psychology, UCL, UK Annette Glotfelty, School of Behavioral and Brain Sciences, University of Texas, Dallas, USA Viktor Kewenig, Ecological Brain Doctoral Training Program, UCL, UK Egor Levchenko, Interdisciplinary Doctoral Programme (LIDo) Studentship from the Biotechnology and Biological Sciences Research Council (BBSRC), Department of Psychological Sciences , Birkbeck University, UK Shelan Ofori, Clinical, Educational and Health Psychology, UCL, UK Oris Shenyan, Interdisciplinary Doctoral Programme (LIDo) Studentship from the Biotechnology and Biological Sciences Research Council (BBSRC), Experimental Psychology, UCL, UK
2020-Present	Liam Barrett, Engineering and Physical Sciences Research Council (EPSRC) studentship, Experimental Psychology, UCL, UK Greg Cooper, Digital Communications Career Development Studentship, Clinical, Educational and Health Psychology, UCL, UK
2019-2022	Stefanie Meliss, School of Psychology and Clinical Language Sciences, University of Reading, UK
2016-2019	Young-Jin Hur, Experimental Psychology, UCL, UK
2013-2017	Jorina von Zimmermann, Experimental Psychology, UCL, UK

## **Supervision, PhD, Rotation Projects**

2021	Caterina Felici, Soc-B Doctoral Training Programme, UCL, UK Regan Harle, Interdisciplinary Doctoral Programme (LIDo) Studentship from the Biotechnology and Biological Sciences Research Council (BBSRC), Experimental Psychology, UCL, UK Robyn Jones, Soc-B Doctoral Training Programme, UCL, UK Ava Scott, Ecological Brain Doctoral Training Program, UCL, UK
2020	Viktor Kewenig, Ecological Brain Doctoral Training Program, UCL, UK Pete Kirk, Ecological Brain Doctoral Training Program, UCL, UK

2017 Sarah Aliko, Interdisciplinary Doctoral Programme (LIDo) Studentship from the Biotechnology and Biological Sciences Research Council (BBSRC), Experimental Psychology, UCL, UK

### **Supervision, Postdoctoral Fellowships**

2018-2021 Dyutiman Mukhopadhyay, British Academy Newton International Fellow, UCL, UK  
2018-2019 Chris Scholes, Engineering and Physical Sciences Research Council (EPSRC) grant, UCL, UK  
2017-2018 Cat Le, Engineering and Physical Sciences Research Council (EPSRC) grant, UCL, UK  
2016-2019 Abbas Haydari, Engineering and Physical Sciences Research Council (EPSRC) grant, UCL, UK  
2013-2014 Andrew Mattarella-Micke, co-supervised from National Institutes of Health (NIH) grant, Vanderbilt University, USA

### **Supervision, Masters**

2022-2023 Vincent S Astl; Cognitive Neuroscience MSc, UCL, UK  
Albane Buisson, Bente Vissel; Brain and Mind Sciences MSc, Queen Square Institute of Neuroscience, UCL, UK  
Deniz Erden; Neuroscience M1, Université Paris Cité  
Magda Jaglinska; Cognitive Neuroscience MSc, UCL, UK  
Vera Rudi; Cognitive and Decision Sciences (CoDeS) MSc, UCL, UK  
2021-2022 Eamon Ali; Psychological Sciences MSc, UCL, UK  
Natividad Beltran; Neuroscience MSc, UCL, UK  
George Blackburne; Pharmacology MSc, UCL, UK (Received the UCL Pharmacology Award for best dissertation)  
Eva Davey; Erasmus Programme, Theoretical and Experimental Psychology, University of Ghent, Belgium  
Alex Piot; Clinical Neuroscience MSc, UCL, UK  
Gregory Venizelos; Cognitive and Decision Sciences (CoDeS) MSc, UCL, UK  
2020-2021 Bangjie Wang; Neuroscience MSc, UCL, UK  
2019-2020 Natalie Khoury; Language Sciences MSc, UCL, UK  
Leyan Li, Xiangming Li; Speech, Language and Cognition MRes, UCL, UK  
2018-2020 Florin Gheorghiu; MPhil, Engineering and Physical Sciences Research Council (EPSRC) studentship, Experimental Psychology, UCL, UK  
2018-2019 Alberto Arletti, Yixiao Wang; Cognitive Neuroscience MSc, UCL, UK  
Denise Hofer, Bryony Payne; Language Sciences MSc, UCL, UK  
2017-2018 Tanuja Kate, Louise Stevenson; Social Cognition MSc, UCL, UK  
Jennifer Noh; Research Method in Psychology MSc, UCL, UK  
Markus Dablander; CoMPLEX MSc, UCL, UK  
2015-2016 Stephen Brown; Neuroscience MSc, UCL, UK  
Kung (Zhern) Majoe; Language Sciences MSc, UCL, UK

## **Supervision, Undergraduate, Final Year Projects**

### University College London

2021-2022	Maria Bunyan, Mathilde Muraz
2020-2021	Buse Kanber
2018-2019	Larissa Werbowski, Guro Holte Igesund
2017-2018	Jake Abrahams, Andreea Faluvegi, Katarzyna Myszkowska, Zuzanna Słonina
2016-2017	Alexei Liss, Rosanna Man, Lea Nonninger, Yajie Xie
2015-2016	Esther Koh
2014-2015	Gemma Bagge, Holly Barne, Alice Rochford, Suet (Melissa) Tiong

### Hamilton College

2012-2013	Alexandra Arenson, Amanda O'Brien, Bonnie Buis, Charlotte Cosgrove, Jamie Azdair, Livia Houston, Megan Kieltyka
2011-2012	Samuel Briggs, Megan Calabrese, Emily Gaudet, Sarah Kane, Mary Meinke, Katherine Peterson, Erica Seligson
2010-2011	Rebecca L. Behrens, Jane E. Hannon, Jeremy T. Safran

## **Supervision, Research Assistants**

### University College London

2021-2022	Shaima Alterkawi, George Blackburne, Martha Cottam, Charlotte Guo, Rachel Morse, Bangjie Wang
2019-2020	Eric Jiawen Huang

### Hamilton College

2012-2013	John Pellman, paid from National Institutes of Health (NIH) grant.
Summer 2012	Samuel Briggs, Bonnie Buis, Bradley F. Hagan, Livia Houston, Daniel Lustberg, Sandhya Rao, Quan Wan
Summer 2011	Alexandra Arenson, Jamie Azdair, Goji Berry, Samuel Briggs, Charlotte Cosgrove, Sarah Kane, Amanda O'Brien

## **Teaching, UCL**

2023 - Present	Psychology of Climate Change (PSYC0286)
2019 - Present	Cognitive Psychology (PSYC0243)
2013 - Present	Academic and Personal Development Seminar Communicating Brains, Social Neuroscience (PSYCGS04) Introduction to Psychology for Biology Majors (PSYC6002) Language in Context (PSYC3213) Multimodal Communication and Cognition (PSYCG212) 'The role of auditory cortex in processing speech', Neuroscience of Language (PALSG103); Systems and Circuits Neuroscience (ANATG010)

## Teaching, Hamilton College

- 2010 - 2013 Brain and Behavior, Department of Psychology, Program in Neuroscience (205-01F/S)  
Lab, Action, and Brain Lab, Department of Psychology, Program in Neuroscience (347F)  
Senior Projects in Neuroscience and Psychology, Department of Psychology, Program in Neuroscience (500F-501S)  
Social Brain, Department of Psychology, Program in Neuroscience (366S)

## Teaching, Cornell University

- 2008 Novel approaches to fMRI analysis, John Merck Fund Summer Institute on the Biology of Developmental Disabilities, Cornell University, Ithaca, New York, USA.  
Improving the analysis, storage and sharing of neuroimaging data using R, MySQL, and distributed computing, Sackler Science Meeting, Weill Medical College of Cornell University, NY, New York, USA.

## Teaching, The University of Chicago

- 2004 - 2006 Teaching Assistant, Dr. Anne Henly, Mind I, II, and III  
Social Sciences 14100, The University of Chicago, Chicago, IL, USA.
- 2006 Lecture in 'fMRI methods' taught by Steven L. Small, The University of Chicago, Chicago, IL, USA.
- 2005 Lecture in 'Language and Thought' taught by Dr. David McNeill, The University of Chicago, Chicago, IL, USA.

## Academic Service

- 2021 - Present Divisional representative to the 'Faculty Sustainability Committee'
- 2020 - Present UCL Experimental Psychology COVID-19 Response Group
- 2018 - Present Co-Founder and Senior Editor for Innovation of the **Neurobiology of Language** journal, MIT Press. See: <https://direct.mit.edu/nol/pages/editorial-info>
- 2018 Guest Editor of the special issue Brain and Language (Volume 187; Pages 1-114): 'Sensorimotor Speech Processing'
- 2017 - Present PALS Psychology Pathway Representative for the UBEL Doctoral Training Program, UCL
- 2016 - Present Graduate Tutor, Department of Experimental Psychology, UCL
- NIH Motor Function, Speech and Rehabilitation Study Section, 2013  
NICHD's Scientific Vision: The Next Decade - Workshop on Cognition
- Reviewer BMC Neuroscience; Brain and Language; Cerebral Cortex; Current Biology; Cognition; Cognitive Science Society; Frontiers in Language Sciences; Human Brain Mapping; Nature Communications; NeuroImage; Neuron; Neuropsychologia; Philosophical Transactions of the Royal Society B: Biological Sciences; Proceedings of the National Academy of Sciences of the United States of America; Etc.

## **Professional Memberships**

Various Years

American Academy of Neurology; Association of Scientific Studies of Consciousness; Midwestern Psychological Association; Society for the Neurobiology of Language; Society for Neuroscience; New York Academy of Sciences; Cognitive Neuroscience Society; The Organization for Human Brain Mapping
