Refreshments and lunch will be provided

UCL site map

**At this conference we will discuss the rationale for the NIHR-HTA funded PBS study and present the trial findings including clinical outcomes and health economic evaluation. Talks will also focus on carers' and service users' experience of taking part in the PBS study and the results of the process evaluation. Speakers will report on international perspectives on PBS and there will be a round table with invited speakers from NHS England, clinicians, parents and trainers to discuss the implications of the study for clinical practice, policy makers and commissioners. This event will be live tweeted by the Mental Elf and the Learning Disabilities Elf.**

**Confirmed speakers include:**

- **Dr Dominic Slowie** (National Clinical Director for Learning Disability, NHS England)
- **Professor Angela Hassiotis** (Professor of Psychiatry of Intellectual Disability, UCL Division of Psychiatry and PBS study Chief Investigator)
- **Dr Ian Hall** (Lead Clinician, East London NHS Foundation Trust)
- **Dr Jason Crabtree** (Lead Consultant Psychologist, Tower Hamlets Community Learning Disability Service)
- **Dr André Strydom** (Reader in Intellectual Disabilities, UCL Division of Psychiatry)
- **Rachael Hunter** (Senior Research Associate – Health Economics UCL and PRIMENT Clinical Trials Unit)
- **Vivien Cooper** (CEO of the Challenging Behaviour Foundation)
- **Service user reference group from Camden Surge, The Advocacy Project**
- **Dr Peter Baker** (Editor of the International Journal of Positive Behaviour Support)
- **Dr Mark Smith** (Consultant Clinical Psychologist, Positive Response Training and Consultancy LTD and Care Without Compromise LTD)
- **Dr Ashok Roy** (Chair of the Faculty of the Psychiatry of Intellectual Disabilities, Royal College of Psychiatrists)
- **Dr Asit Biswas** (Consultant Psychiatrist, Leicestershire Partnership NHS Trust)
