

1

We would like to invite you for your physical health check.

2

You would be a good person to receive extra sessions through the UCLP-Primrose service to improve your cardiovascular health.

3

Would you be interested in an interview about your experience with this service in future? You don't have to answer now! Here is our study flyer to help you decide.

4

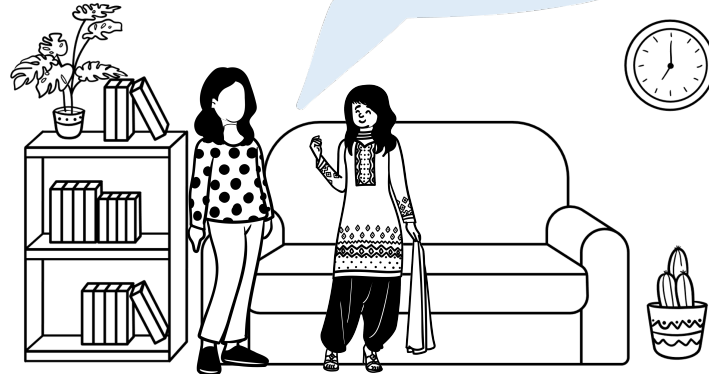

A researcher will contact you if you agree

7

As a next step, I can keep you updated about the research if you would like?

6

If you give me your consent, I would like to ask you some questions about your experience with this service.

5

Hi there, I am the researcher! Do you have any questions? Let me know how, when and where you would want the interview to be.
