

Application Form for Workshop supported by the International Quantum Tensor Network

Applications can be submitted at any time and will be reviewed by the network leadership. We expect to fund smaller meetings (10-30 participants), with a typical number of 15 participants, and average funding contribution of £9500 towards travel, subsistence and workshop hosting. Workshops should have significant UK participation, but can be held outside of the UK.

Each workshop held will be required to contribute to the Network webpages (for example with a blog post summarising the meeting, uploading a subset of seminars etc) and submit a written outcome report (two pages maximum).

Applications should be submitted to IQTN@ucl.ac.uk

Lead Organiser(s): name(s) and institution(s)

Title of workshop and 50-100 word summary of the workshop topic area (suitable for reporting to EPSRC)

Primary aims / outcomes: What would success look like? e.g. new joint publications, grant applications, new solutions to key challenges ... [3-4 bullet points]

Proposed venue, dates, participation numbers

Key participants from the UK and Key International Participants (typically list 6-8)

--

Format of programme: (e.g., formal lectures, posters, discussion groups)

--

Budget details: venue, accommodation, travel and subsistence

--

Applications should be submitted to IQTN@ucl.ac.uk
