

Example email 7<sup>th</sup> March 2024 – FOR INFORMATION ONLY – notice regarding continuing student module selection

## **For information – no immediate action needed**

**Dear ,**

We are contacting you with the details for module selection for 2024/25.

How this affects you will depend on whether your programme offers a choice of modules. Please read the relevant section below depending on your programme.

### **If your programme offers a choice of modules**

On 8 April 2024 we will be asking you to select your preferred modules for the 2024/25 academic year. You will be able to submit your module selections until 17 May 2024.

Departments will confirm your module allocations by 15 July 2024. Students who are not allocated a place on their preferred modules will then have the opportunity to make re-selection requests up until 29 July 2024.

Please note that places are limited on many modules, and some modules have pre-requisites and / or allocate priority places to students on certain programmes. Therefore, when making your selections, we encourage you to review all module information provided by your department and in the [module catalogue](#) and to discuss your selections with your Personal Tutor or another member of staff to ensure that you **make the right choice first time.**

The updated UCL Module Catalogue will be available from 14 March 2024, providing an overview of the modules offered for the 2024/25 academic year with details including descriptions and how the module will be assessed. Please note that the module catalogue is currently showing the modules running for the 2023/24 academic year and will be offline 11 – 13 March 2024 whilst we update it.

We'll be in touch again in April to let you know when you can begin selecting your preferred modules.

For more information about module selection at UCL please visit our [Student Module Selection webpage](#).

### **If your programme does not offer a choice of modules**

If your programme only has compulsory modules, you will be able to visit the [UCL Module Catalogue](#) from 14 March 2024 to find out more information about the modules that are being offered on your programme for the 2024/25 academic year. This will include descriptions of the modules and details about how the module will be assessed. Please note that the module catalogue is currently showing the modules running for the 2023/24 academic year and will be offline 11 – 13 March 2024 whilst we update it.

Please visit our [website](#) if you have any questions, or contact your home department.

Kind regards  
Academic Services
