

Example Bank Statement

This student has been accepted for a master's course at UCL. Their tuition fee for the year is £25,000. Therefore, they need to show at least £25,000 + £12,006 (London living cost) in their bank account (£37,006).

1. Name of account holder(s)
2. Account number

4. The date of issue (i.e. the last date of the 28-day period) must be **within 31 days** before the online application date. In this example, an application cannot be made on 29 June 2021 using this bank statement.

5. The money has been held in the account for a **consecutive 28 days**, without dipping below the required total.

3. Bank/building society name, logo/letterhead and contact details

6. It should show individual balances (balance after every transaction made)
