- 1.2 The student (the **Student**) has applied to study on the Programme with UCL and one of the Partner Institutions.
- 1.3 UCL will allocate to the Student a place at a Partner Institution for the second year of the Programme on the basis of student preference, but subject to the availability of places at the Partner Institutions. While UCL will endeavour to account for student preferences as far as possible, the Student acknowledges that a place at a specific Partner Institution cannot be guaranteed. The Student will be informed in the first week of Term 1 in the first year of the Programme, of the Partner Institution that they are allocated to for the second year of the Programme.
- 1.4 The Partner Institution where the Student will attend year two of the Programme is hereinafter referred to as the **Programme Partner**. UCL and the Programme Partner are together hereinafter referred to as the **Academic Parties**. The Student and UCL are hereinafter referred to as the **Parties**.
- 1.5 UCL has accepted the Student onto the Programme, and the Student will be subject to UCL's and (on registering as a student with the Programme Partner) the Programme Partner's applicable student terms and conditions, and the additional terms and conditions set out herein.

2. PROGRAMME DELIVERY

- 2.1 The Student shall attend the premises of each of the Academic Parties according to the following timetable (as may be amended by agreement between the Academic Parties from time to time):

First year of the Programme at UCL in London, United Kingdom, in accordance with the standard UCL academic calendar

Second year of the Programme at the Programme Partner in the location of that Programme Partner, in accordance with the standard academic calendar of that Programme Partner.

- 2.2 In the event that the Student fails to obtain an appropriate visa to study in the country of the Programme Partner for year two of the Programme and is therefore not able to complete the Programme, they can be considered for an interim qualification from UCL in line with UCL's academic regulations.
- 2.3 The Student will be required to enrol with UCL at the beginning of the Programme and remain enrolled with UCL until their successful completion of the Programme. The Student will enrol with the Programme Partner that they have been accepted to during the second year of the Programme in accordance with the standard enrolment procedures of that Programme Partner.
- 2.4 The regulatory framework of each Academic Party relating to the assessment and examination of students on each Academic Party's programmes of study, including provisions for academic appeals, academic misconduct and extenuating circumstances (**Assessment Regulations**), shall apply to the Programme as follows:
- 2.4.1 The Assessment Regulations of UCL shall apply to all modules delivered by UCL, and the Assessment Regulations of the Programme Partner shall apply to all modules delivered by the Programme Partner as well as the dissertation module (which, however, is subject to UCL's external examining practices).
- 2.4.2 The Assessment Regulations of UCL shall apply to the Programme as a whole (including progression from year one to year two, the degree classification and whether or not the Student meets the requirements of the qualification in line with UCL's academic regulations subject to paragraph 2.4.3 below). UCL may, in accordance with its Assessment Regulations, offer the Student the opportunity to resit failed exams or resubmit failed coursework before they are allowed to progress to their second Programme year at the relevant Programme Partner. UCL will endeavour to schedule and mark the resit exams and/or resubmission coursework before the Student is expected to travel to the Programme Partner to attend year two of the Programme, but the Student acknowledges that this may not always be possible and alternative methods or timings of reassessment may need to be arranged by UCL.
- 2.4.3 The Assessment Regulations of the Programme Partner shall apply to determine whether or not the Student has passed year two of the Programme at the Programme Partner (or whether they need to retake the year or be otherwise reassessed as defined in the Programme Partner's Assessment Regulations).

- 2.5 The grade conversion table used by the Academic Parties to calculate the degree classification shall be as set out in Annex 1. Each Academic Party shall issue their own degree certificate to each successful Student. The UCL degree certificate will include a statement clarifying that the degree is awarded for a joint programme with the Programme Partner.
- 2.6 Each Academic Party shall issue their own degree transcript to each successful Student. The UCL degree transcript will include marks obtained for Modules taught at UCL and the number of credits obtained at the Programme Partner. The Programme Partner's degree transcript will detail marks obtained for Modules taught at the Programme Partner.
- 2.7 The Student must pass both years of the Programme to be awarded the Masters degree.

Where the Student wishes to complain about any specific service or facility provided by, or a student or member of staff from, one of the Academic Parties, the complaints procedure of the relevant Academic Party will apply.
- 4.3 When Students are based at one of the Academic Parties (in person or virtually) , those Students will be subject to the policies and procedures relating to students' attendance and conduct at that Academic Party, including, for example, health and safety, and substance misuse and any other policies relating to safety, security, attendance and appropriate conduct at that Academic Party's premises, and the use of that Academic Party's facilities and/or resources (including IT facilities) when using such facilities and/or resources. Students shall in any event also continue to be subject to the non-
